Objectives : The primary objectives of this initiative was to raise awareness about gender equality issues, promote critical thinking and dialogue, challenge gender stereotypes, inspire positive change, measure the impact of the program, build a supportive community committed to gender equality, collaborate with relevant organizations, disseminate inspirational stories, and contribute to the global effort for gender equality, ultimately striving to create a more inclusive and equitable society through the combined power of film and open discussions.

About the event :

About the event :

Gender equality is a fundamental human right and a cornerstone of social justice. Despite progress in recent decades, disparities and discrimination based on gender continue to persist. To address these challenges and inspire positive change, a session was organized that employed the powerful tools of cinema and open dialogue. The event featured the screening of a short film, "Breaking Barriers: A Journey to Equality," followed by a group discussion.

Film Screening

he short film "Breaking Barriers: A Journey to Equality" was thoughtfully selected for its compelling storytelling and thematic focus on women's empowerment and the dismantling of gender stereotypes. This film shares the inspiring real-life journeys of women who have overcome adversity to excel in diverse fields.

Group Discussion

Immediately following the screening, an expert in gender equality led a group discussion. Participants were encouraged to share their thoughts, experiences, and insights on the film's themes and gender equality in general. The discussion aimed to challenge stereotypes, broaden perspectives, and inspire participants to take action.

Conclusion & Remarks

: The integration of a short film screening and group discussion proved to be a powerful approach for addressing gender equality issues. By sharing the inspirational journeys of women who have broken barriers and fostering open dialogue, the session successfully challenged stereotypes and broadened perspectives. It encouraged participants to take action and become advocates for gender equality in their respective spheres.

This initiative aligns with global efforts, particularly United Nations Sustainable Development Goal 5: "Gender Equality." It reaffirms that the combination of cinema and open discussions has the potential to transform attitudes and behaviors related to gender equality, contributing to a more inclusive and equitable society. To continue this momentum, it is essential to organize similar events, empower individuals, and foster lasting change on the path to true gender equality.
