

Event Report

Event Name: World Entrepreneurs' Day

Date of the Event: 21st August, 2023

Duration of theEvent:Wholeday

Venue:Multipurpose Hall, Sandip University, Sijoul

NameoftheEventCoordinator:Dr.PappuKumar , Prof. Ajay Kumar Hod of Civil Engineering Department (Professor from Schoolof Engineering)

About the Event:

The purpose of the organising World Entrepreneurs' Day is to create awareness for entrepreneurship, innovation and leadership. This event is aimed to celebrate the spirit of entrepreneurship and foster a culture of innovation among stakeholders. The event will extend a platform for students to showcase their entrepreneurial skills and receive valuable feedback from experts. It will also provide an opportunity for students to network with like-minded individuals and gain insights into the world of entrepreneurship.

This Event is being organised by Centre for Entrepreneurship and Incubation and Civil Engineering Department in association with School of Engineering and Technology, and Department of Civil Engineering.

About the Centre for Entrepreneurship and Incubation and Civil Engineering:

The University has started Centre for Entrepreneurship and Incubation, in August, 2023, to encourage our student to work on new ideas and innovations and promote them to create start-ups and other entrepreneurial activities, in order to increase their employability and make them industry ready. Dr. Pappu Kumar is Leading the Centre for Entrepreneurship and Incubation and civil engineering, which have been registered and approved with Ministry of Education, Government of India, MOE's IIC, Vide Registration No. IC202219514. After appreciating and considering work of Dr. Madhusudan Narayan, who previously worked with Atal Incubation Centre (AIC) in Jaipur, Centre for Entrepreneurship and Incubation was granted the permission to use the logo of Ministry of Education, Government of India, MOE's IIC. Recently Centre for Entrepreneurship and Incubation under Dr. Madhusudan Narayan has been recognised and appreciated by All India Council for Technical Education (AICTE) and Department of Industries, Government of Bihar.

Outline of the Program:

World Entrepreneurs' Day is observed annually on August 21st. It's a day dedicated to celebrating and honoring the contributions of entrepreneurs around the world. The day aims to recognize the efforts, innovation, and hard work of entrepreneurs who play a crucial role in driving economic growth, creating jobs, and fostering innovation in various industries.

- Welcome address by the Head of the Civil Engineering Department.
- Brief introduction to the importance of entrepreneurship in civil engineering.
- Overview of the day's schedule and objectives.
- Invite a panel of experts including entrepreneurs, researchers, and industry leaders.

- Discussion on how innovation drives entrepreneurship in civil engineering.
- Sharing of real-world examples of innovative projects, technologies, and startups.

Vision

We praise all entrepreneurs on August 21st - World Entrepreneurs' Day. Behind every successful business is someone who faced countless obstacles and stayed on track with determination to turn visions into reality. This day reminds us of what any one of us can achieve. As Winston Churchill said, "Success is walking from failure to failure with no loss of enthusiasm" - and this could be the favorite quote of most entrepreneurs!

Mission

The mission of this event organized by the Civil Engineering Department is to celebrate and inspire entrepreneurship within the context of civil engineering and related fields. The event aims to provide a platform for students, professionals, and enthusiasts to explore the intersection of entrepreneurship and civil engineering, fostering innovation, networking, and knowledge-sharing.

DAY1 **21/08/2023**

Introduction:

The Department of Civil Engineering celebrated World Entrepreneurs' Day with great enthusiasm on August 21, 2023. The event aimed to inspire and motivate our students to explore entrepreneurial opportunities within the field of civil engineering and foster a spirit of innovation and creativity.

Event Schedule:

- The event started with a warm welcome by the Head of the Civil Engineering Department, emphasizing the importance of entrepreneurship in the engineering industry.
- Notable entrepreneurs from the civil engineering sector were introduced, setting the tone for the day's activities.
- Selected students presented their innovative project ideas with entrepreneurial potential.
- Projects ranged from sustainable construction materials to smart infrastructure solutions.
- A panel of faculty and industry experts provided feedback and insights to encourage further development.
- The Head of the Department thanked the speakers, participants, and participants for their contributions.
- Students and faculty members engaged in networking with the entrepreneurs and industry professionals.

Conclusion:

The World Entrepreneurs' Day celebration provided a platform for students to delve into the realm of entrepreneurship within civil engineering. Through informative sessions, engaging workshops, and interactions with successful entrepreneurs, students gained insights into how innovation and business acumen can drive positive change in the industry. The event successfully instilled a sense of entrepreneurial spirit among the participants, inspiring them to think beyond conventional boundaries in their future endeavors.
