

Event Report

Name of Event: Sandip University Kite Festival

Organized by: Department of Electrical Engineering

Date: 19/01/2024

Time: 01:30 PM

Venue: Sandip University Playground

Event Coordinators: Prof. Manjeet Kumar and Prof. Pooja Jha

Introduction:

The Electrical Department at Sandip University organized an exhilarating Kite Festival on January 19, 2024, at the university playground. The festival aimed to bring together students for a day filled with joy, enthusiasm, and the age-old tradition of kite flying.

Inauguration:

The festival kicked off at 01:30 PM with a vibrant inauguration ceremony. Prof. Manjeet Kumar and Prof. Pooja Jha, the event coordinators, extended a warm welcome to all participants and highlighted the significance of celebrating traditions that foster unity and happiness.

Kite Flying Competition:

The heart of the festival was the exciting kite flying competition. Participants showcased their kite-flying skills, maneuvering colorful kites across the sky. The competition featured various categories, adding an element of friendly rivalry and skill diversity.

Prize Distribution:

The festival concluded with a prize distribution ceremony, where winners of the kite flying competition and the kite designing workshop were felicitated. Prof. Manjeet Kumar and Prof. Pooja Jha expressed their appreciation for the active participation and skill demonstrated by the students.

Conclusion:

The Sandip University Kite Festival was a delightful and engaging event that celebrated the spirit of kite flying and cultural diversity. The active participation of students, coupled with the colorful kites adorning the sky, created an atmosphere of joy and camaraderie. The event coordinators, Prof. Manjeet Kumar and Prof. Pooja Jha, successfully orchestrated a memorable festival that not only showcased talent but also promoted a sense of community among the participants.
