

## Event Details

### Session

### By: Date:

Mr. Awdhesh Kumar Pandey 25 August 2023 – 26 August 2023  
(National Awardee)

## Workshop Overview

The workshop, **Exploring Fabric Coloration and Design Techniques**, delved into the rich cultural and material significance of fabrics within Indian civilization. It highlighted how textiles serve as powerful expressions of art, tradition, and ecological harmony.

## Key Highlights

Mr. Awdhesh Kumar Pandey provided invaluable insights into the evolution of fabric dyeing in India, covering a range of topics:

- Indigenous techniques: Laheriya and Shibori
- Color theory
- Natural dye usage

The session emphasized eco-conscious design principles and fostering respect for nature.

## Hands-On Experience

Through engaging video demonstrations and practical sessions, students acquired technical skills and deepened their appreciation for India's textile heritage.

The workshop culminated with participants crafting their own uniquely dyed fabric pieces.

## Summary

This immersive workshop provided participants with a comprehensive understanding of Indian fabric coloration techniques, blending traditional knowledge with practical application. The event successfully promoted eco-conscious design while celebrating India's rich textile heritage.
