GUIDANCE THROUGH ALUMNI

SCHOOL OF SCIENCE

Academic Year: 2023-24

Date: 30-09-23

Duration: 1 hr

Speaker: Virangama Jinkal Bharatbhai, Elite Clinical Research Service, Nashik, Maharashtra

Audience: School of Science, Sandip University, Nashik

Event Coordinator: Dr. Ravikiran Pagare

Objective:

- To provide students with insights into the diverse career paths available in the field of Chemistry.
- To expose students to real-world industry experiences and challenges.
- To inspire students to pursue their career goals with passion and dedication.

- To foster networking opportunities between current students and successful alumni.

Overview of the Alumni Talk

the School of Science at Sandip University hosted an inspiring Alumni Talk by Mr. Viramgama Jinkal Bharatbhai, an accomplished professional working at Elite Clinical Research Services, Nashik, Maharashtra. The event aimed to provide valuable insights into the practical aspects of the industry, offering the students an opportunity to learn from an alumnus who has excelled in the clinical research field.

Mr. Bharatbhai, who graduated from Sandip University, shared his personal experiences from his college life and professional journey. He encouraged the students to aim high, stay focused, and constantly upgrade their skills to thrive in the dynamic field of clinical research.

Mr. Viramgama Jinkal Bharatbhai's Speech

Mr. Bharatbhai began his talk by recounting his time at Sandip University. He shared that his years in college were not only about academic growth but also about shaping his overall personality. He emphasized the importance of discipline, time management, and an inquisitive mindset during his educational years.

He then moved on to discuss his professional journey, particularly in the clinical research industry. Mr. Bharatbhai outlined how he transitioned from theoretical learning in college to applying that knowledge in real-world situations. He provided an in-depth look at his role in Elite Clinical Research Services, where he manages clinical trials and research projects for the pharmaceutical industry.

Academic Foundation and Industry Relevance: Mr. Bharatbhai stressed the importance of building a strong academic foundation, especially in the fields of science, medicine, and research. He explained how concepts learned in college had been directly applicable to his work in clinical research, especially in data analysis, research methodologies, and ethical considerations in trials.

Importance of Practical Experience: One of the major takeaways from his talk was the emphasis on gaining practical experience. He urged students to take up internships and part-time roles related to their field of study. Mr. Bharatbhai highlighted that such experiences not only provide exposure to the industry but also enhance a student's skills and employability.

The Role of Clinical Research in Healthcare: He provided an overview of the clinical research industry, explaining how it plays a pivotal role in the development of new medications, therapies, and medical devices. He inspired students to consider a career in clinical research, highlighting the opportunities for growth and the contribution they can make to healthcare innovation.

Soft Skills for Career Success: Mr. Bharatbhai emphasized that success in any profession goes beyond technical knowledge. He encouraged students to develop soft skills, such as

effective communication, teamwork, and leadership, which are essential in collaborative environments like clinical research.

Adaptability and Lifelong Learning: Mr. Bharatbhai talked about the importance of staying updated with the latest trends, technologies, and regulations in the clinical research field. He encouraged students to develop a mindset of lifelong learning, as continuous professional development is critical in a rapidly evolving industry.

Interaction with Students

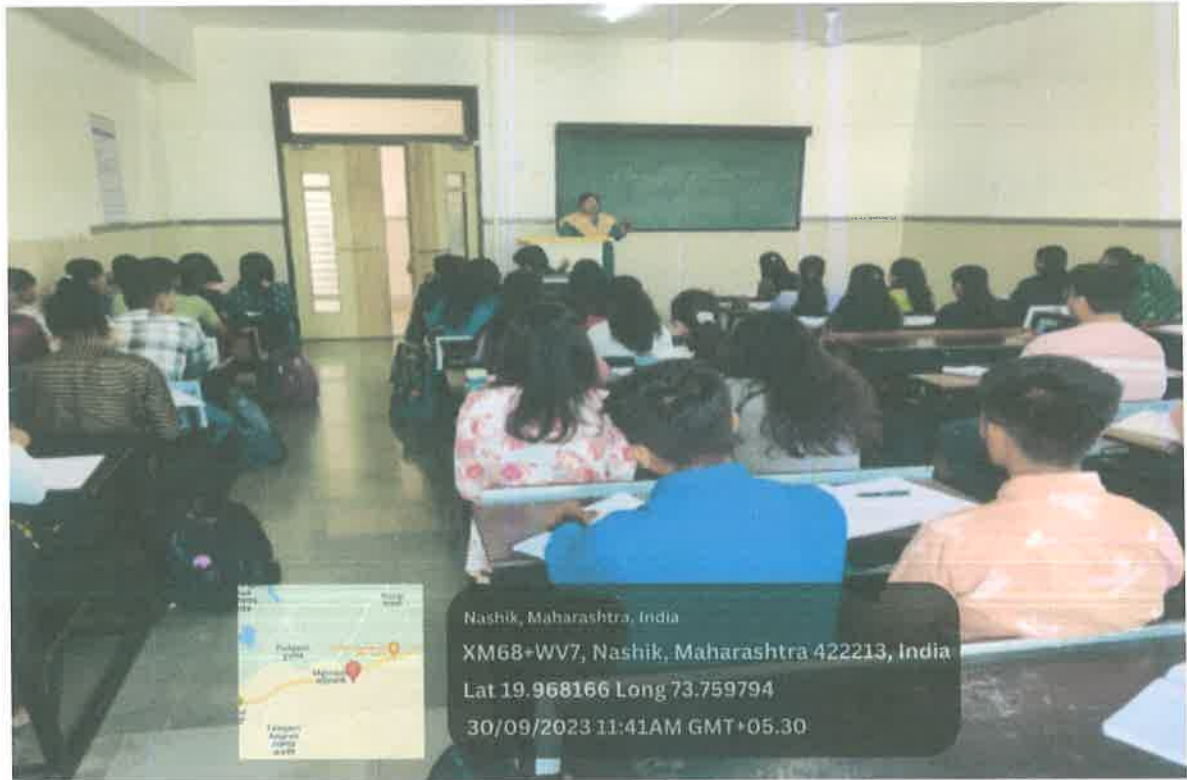

Following his talk, Mr. Bharatbhai engaged with the students in an interactive Q&A session. The students asked insightful questions related to career opportunities in clinical research, the qualifications needed for various roles, and the impact of clinical trials on global healthcare. Mr. Bharatbhai answered each question thoughtfully, sharing personal anecdotes and practical advice to guide the students in their career paths.

Conclusion

The Alumni Talk by Mr. Viramgama Jinkal Bharatbhai was an enriching experience for the students of the School of Science at Sandip University. It provided them with a deeper understanding of the clinical research field, the skills required to succeed, and the opportunities available for those interested in pursuing careers in research and development.

Mr. Bharatbhai's emphasis on the importance of a solid academic foundation, practical experience, soft skills, and continuous learning left the students motivated and inspired to make informed decisions about their careers.

The session concluded with a vote of thanks to Mr. Bharatbhai for sharing his valuable experiences and insights, which will undoubtedly guide students in their future endeavors.
