Shardeum Proof of Community Meetup – Report

Event Name: Shardeum Proof of Community Meetup
Date: July 12, 2025
Time: 11:00 AM – 1:00 PM
Venue: Seminar Hall, O' Building, Sandip University
Organised By: SECT Club — SUN Club's

The Shardeum Proof of Community Meetup marked a landmark event at Sandip University — introducing students and tech enthusiasts to the cutting-edge world of Web3, Blockchain, and Decentralized Internet.

Organized by the SECT Club, in collaboration with the Shardeum India Team, the event delivered deep insights into the Web3 ecosystem, its potential, and how Shardeum is revolutionizing scalability through linear state sharding.

Overview

On July 12, 2025, Sandip University became the epicenter of blockchain buzz as we hosted the Shardeum Proof of Community Meetup — a landmark seminar that brought together developers, enthusiasts, and students to dive into the future of the decentralized web.

Powered by the Shardeum India team and passionately executed by the SECT Chapter Club, this event opened the floodgates of curiosity, conversation, and community-building around Web3, decentralization, and blockchain ecosystems.

This wasn't just another tech talk — it was a mind shift.

Objectives

1. Demystify Web3 for students and young devs
2. Introduce the Shardeum ecosystem and real use cases
3. Onboard students into Web3 via Proof of Community
4. Create awareness around blockchain careers and contribution paths

Speaker Line-up

- **Deepak Singh** —Community Lead @ Shardeum "Unpacking Web3 & Building on Shardeum"
- **Nitin Singh** — Blockchain Educator & Web3 Consultant "Decentralization, Careers, and What Lies Ahead"

Event Highlights

1. Over 150+ students joined LIVE
2. 45+ on-the-spot wallet activations (faucet-based demo)
3. Real-time smart contract explanation with Shardeum testnet
4. Students from SOCSE, SOECE, BBA, and Polytechnic participated
5. Shardeum Stickers, Swags & QR-based giveaways
6. Massive engagement through live polls, open mic, and Q&AMentorship session
7. Free Food and Refreshment to all Students

Participation & Engagement

- **Total Participants**: 52
- **Volunteers Involved**: 2

Students from all years and departments participated, with first and second-year students showing strong interest towards web3 and Blockchain

Event Impact

This event had a significant impact on the participants by:

This event was not just about awareness — it activated action.

- **Students onboarded into the Shardeum Community**
- **Hands-on exposure to blockchain wallets and testnet**
- **Seeds planted for future workshops on Solidity, Apps, and more**

The future of decentralized innovation starts here — and we're building it block by block.

Promotion & Awareness Campaign

To ensure maximum outreach and engagement, extensive promotional efforts were made before the event. Various marketing channels, including social media, posters, and word-of-mouth campaigns, were utilized to generate awareness about the event. The organizing team actively engaged with students and faculty members to encourage participation.

Promotional strategies included:

• **Social Media Campaigns** – Posts, videos, and countdowns on platforms like Instagram, LinkedIn, and Twitter.

• **On-Campus Promotions** – Flyers, banners, and standees were placed across the university to attract students' attention.

• **Faculty Endorsement** – Faculty members were encouraged to promote the event in their respective classes to boost participation.

• **Community Engagement** – Collaborations with outer communities and clubs helped in spreading awareness beyond the university.

These promotional efforts played a crucial role in achieving an impressive turnout of 150+ Registrations, making the event a grand success.

Feedback and Impact

Student Feedback Summary:

- I finally understood what Web3 actually is. Not just theory, but real apps!
- Thanks to the SECT team – this was one of the most relevant seminars we've had.
- After this session, I've started building my own basic App!

Conclusion & Future Prospects

The Shardeum Proof of Community Meetup at Sandip University was more than just a seminar — it was the ignition point for our students' journey into the decentralized future. From understanding the fundamentals of Web3 to engaging with real blockchain use-cases, attendees walked away not only inspired but also equipped to explore, build, and contribute.

This event marked a transformative milestone for the SECT Chapter and reaffirmed our mission of bringing cutting-edge technology and community-first learning to campus.

With overwhelming participation, incredible insights from our speakers, and sky-high energy from the crowd — this meetup proved one thing loud and clear:

Web3 is not coming — it's already here. And we're ready.
