O-Building Seminar Hall

HTML & CSS Fundamentals – Webinar Report

Date: 12 August 2025

Time: 11.00 am to 1.00 pm

Organised By: Webmaster Club – Sandip University

Coordinated By: Mr. Nitin Mahajan – Faculty Coordinator

Overview

On 12 August 2025, the Webmaster Club of Sandip University successfully conducted an insightful and interactive webinar titled “*HTML & CSS Fundamentals*.” The webinar was designed to provide students with a solid foundation in web development by introducing them to the essential building blocks of modern websites – HTML and CSS.

This initiative formed part of the club’s broader mission to empower students with in-demand technical skills, bridging the gap between theoretical concepts and real-world applications. The event attracted participants from multiple departments, with a majority from B. Tech SE and TE classes, eager to gain both theoretical knowledge and practical exposure to industry-relevant web technologies.

The program’s success was made possible through the expert coordination of Mr. Nitin Mahajan, Faculty Coordinator of the Webmaster Club, who meticulously planned and executed the event to ensure an engaging learning experience for all attendees.

Objectives

The primary goals of the webinar were to:

- Introduce the fundamentals of HTML and CSS, the backbone of web design and development.
- Familiarize students with modern development tools such as Visual Studio Code and GitHub.
- Encourage hands-on learning by integrating live coding demonstrations into the session.

Distinguished Guests

The event was Honoured by the presence of several esteemed dignitaries whose encouragement and guidance added value to the session:

- Dr. Anand Shing Rajawat
- Mr. Anirudha Kolpyakwar
- Mr. Aditya Singh
- Mr. Nitin Mahajan – Faculty Coordinator
- Dr. Omkar Pattnaik
- Dr. Sivaram Ponnusamy

Their participation reflected strong institutional support for skill-based learning initiatives and served as motivation for students to actively engage with the topic.

Opening Remarks

The session commenced with a warm welcome to all attendees, followed by an introduction to the objectives and learning outcomes of the webinar. The host expressed gratitude to the distinguished guests for their support, and a special mention was made of Mr. Nitin Mahajan, whose dual role as coordinator and speaker ensured the session was both well-organized and technically enriching.

Before delving into the main content, the significance of HTML and CSS as the gateway to mastering web development was explained. Participants were encouraged to view these skills as foundational for advancing into more complex topics like JavaScript, responsive design, and full-stack development.

Topics Covered

1. Introduction to HTML and CSS
 - Definition and purpose of HTML (*Hyper Text Markup Language*) and CSS (*Cascading Style Sheets*).
 - How HTML structures content and CSS styles it for visual appeal.
 - Advantages of keeping structure and style separate for clean, maintainable code.
2. Role of HTML & CSS in Web Development
 - Their role as the core technologies of the front-end development process.
 - Importance of semantic HTML for accessibility and SEO.

- Examples of real-world websites highlighting the impact of good HTML/CSS practices.
 - 3. Overview of Web Tools
 - Visual Studio Code (VS Code): Setting up, features, and extensions.
 - GitHub: Basics of version control, collaboration, and portfolio building.
 - 4. Functions of HTML Tags
 - Usage of headings, paragraphs, images, hyperlinks, and lists.
 - Demonstrations of how each tag contributes to well-structured, user-friendly websites.
 - 5. Productivity Extensions in VS Code
 - Live Server: Real-time preview of web pages.
 - Prettier: Consistent code formatting.
 - Auto Rename Tag: Simplifying HTML editing.
 - 6. Live Coding Demonstration
 - Creating a basic webpage from scratch.
 - Applying CSS styles for design and layout.
 - Viewing instant changes using Live Server.
 - 7. Interactive Q&A Session
 - Clarifications on HTML tags and CSS properties.
 - Discussions on SEO-friendly design, CSS frameworks, and organizing project files.
-

Event Highlights

- Fully interactive live coding demonstration with real-time previews.
- Coverage of industry-relevant tools and coding best practices.
- Lively Q&A session where students actively participated.
- Guidance on career relevance and future learning pathways in web development.

Participation & Feedback

The webinar recorded participation from 163 students, comprising primarily of B. Tech first-year and second-year learners.

Feedback Summary:

- Strengths: Well-structured content, clear delivery, engaging live examples.
- Suggestions: Include advanced topics such as JavaScript and responsive design in future sessions.

Participants praised the session's interactive nature, especially the live demonstrations, and rated it as a highly valuable learning experience.

Acknowledgements & Gratitude

The Webmaster Club extends sincere appreciation to:

- Dr. Pawan Bhaldare
- Dr. Neetu Sharma
- Dr. Umesh Pawar
- Dr. Anand Shing Rajawat
- Mr. Anirudha Kolpyakwar
- Mr. Aditya Singh
- Mr. Nitin Mahajan – Faculty Coordinator

Special thanks to the organizing team, faculty advisors, and all enthusiastic students who contributed to making the event a resounding success.

Conclusion & Future Prospects

The *HTML & CSS Fundamentals* webinar successfully met its objectives by delivering both conceptual knowledge and practical exposure to students. By covering core topics, demonstrating real-time coding, and introducing essential tools, the event provided a comprehensive introduction to web development.

Looking ahead, the Webmaster Club plans to organize follow-up sessions on JavaScript Basics, Responsive Web Design, and Full-Stack Development Workflows to further enhance the technical proficiency of students and prepare them for real-world projects.
