Industrial Visit – Sunny Capacitors, Satpur, Nashik

1. Event Title: Industrial Visit for S.Y.B.Tech and T.Y.B.Tech Electrical Engineering students at Sunny Capacitors, Satpur, Nashik

2. Event Date: 21st August 2019

3. Event Conduction Duration: 10.00 AM to 12:00 PM

4. Event Venue: Sunny Capacitors, G-33, MID C, Satpur, Satpur, Nashik, Maharashtra 422007

5. Event Resource Person Details:

Mr. Shirish Anand Jalgavkar,
Director, Sunny Capacitors,
9422748391

6. Name of Event Coordinator with contact details:

Harshal Chaughule (758858906)
Sachin Kakde (8888330578)
Mrs. Vaishali Sonwane (7276456591)

7. Event Outline & Outcome of the event:

Objective of Program: The industrial visit was aimed to provide students with the practical aspect the theory subjects. **Sunny Capacitors** is capacitor manufacturing company in Nashik. The visit is a part of activity-based learning to help students understand physical aspects of capacitors, manufacturing processes and testing procedures.

Output of Program: Students came to know about the types, working and manufacturing processes of capacitors. They observed different processes like winding, impurity cleansing and testing of the product. Students were able to relate their theoretical subjects such as Network analysis, Power Systems and Measurement and Instrumentation by observing

applications of the concepts through industry implementation. They learnt about harmonic filter capacitor, its working and assembling at the facility. the Students were inspired to work at such environment and understood the future industry prospects in this field.

Number of S.Y.B.Tech Students : 32

Number of T.Y.B.Tech Students : 25
