## Report on “Know Your Industry” – Expert Session 2026

The Central Training & Placement Cell of Sandip Foundation and Sandip University, Nashik organized an expert session as part of the “Know Your Industry” initiative with the objective of strengthening industry–academia interaction and enhancing students’ awareness of current industry practices, cloud technologies, enterprise applications, and emerging opportunities. The session provided students from the School of Computer Science and Engineering with an opportunity to interact directly with an experienced industry professional and gain practical insights into Oracle Fusion Cloud, Supply Chain Management, enterprise cloud transformation, automation, and the evolving role of Artificial Intelligence in business transformation.

**Name of the Event:** “Know Your Industry” – Expert Session

**Date & Day:** 12th September 2026 (Saturday)

**Time:** 10:00 AM onwards

**Organized By:** Central Training & Placement Cell, Sandip Foundation & Sandip University

**Participants:** Students of CS, IT, AIDS, AIML, CTIS and BCA from the School of Computer Science and Engineering, & SOCSA.

**Venue:** M19, SOCMS, S Building, Sandip University

### 1. Introduction

The Central Training & Placement Cell of Sandip Foundation and Sandip University organized an insightful expert session under the “Know Your Industry” initiative. The session was designed to expose students to real-world industry practices and provide a better understanding of enterprise cloud technologies, Oracle Fusion Cloud, Supply Chain Management, digital transformation, automation, and industry expectations. The interaction enabled students to connect their academic learning with practical applications and understand the skills required for technology-driven careers.

## 2. Objectives of the Program

The primary objectives of the session were to:

- Bridge the gap between academic learning and industry practices.
- Provide practical exposure to Oracle Fusion Cloud and Supply Chain Management.
- Create awareness about enterprise cloud transformation and modern ERP implementations.
- Help students understand process optimisation, automation, governance, and operational excellence.
- Introduce students to the role of Artificial Intelligence in business and digital transformation.
- Enhance students' awareness of emerging technology trends, professional expectations, and career opportunities.

## 3. Industry Expert

The session was conducted by:

**Name:** Mr. Ashish Deshpande

**Company:** Birlasoft

**Role/Designation:** Cloud and SCM Expert

Mr. Ashish Deshpande has around 10 years of experience in Oracle Fusion Cloud and Supply Chain Management. He specialises in leading ERP implementations and enterprise cloud transformation initiatives across diverse industries. He has successfully delivered Oracle Cloud SCM programmes focused on process optimisation, automation, governance, and operational excellence. He is passionate about innovation, cloud technologies, and the evolving role of Artificial Intelligence in business transformation, and leverages AI-driven solutions and industry best practices to deliver scalable, high-impact business outcomes. His professional focus includes enabling organisations to enhance efficiency, accelerate digital transformation, and achieve sustainable growth through modern cloud-based solutions.

## 4. Program Highlights

- The session commenced with a welcome and introduction of the industry expert.
- Mr. Ashish Deshpande shared practical insights from his experience in Oracle Fusion Cloud and Supply Chain Management.
- Students were introduced to enterprise cloud transformation and ERP implementation practices.
- The expert discussed process optimisation, automation, governance, and operational excellence in modern organizations.

**SANDIP**  
UNIVERSITY  
— UGC Recognised —  
Under Section 2(f) & 12(B) of UGC

**NAAC**  
GRADE **A**

- Insights were shared on cloud technologies, innovation, and the emerging role of Artificial Intelligence in business transformation.
- The session highlighted the importance of industry-relevant technical skills, adaptability, continuous learning, and professional development.
- Students actively interacted with the expert and gained an opportunity to clarify their questions and understand real-world technology applications.

#### **5. Outcomes of the Session**

- Students gained practical exposure to Oracle Fusion Cloud and SCM-related industry applications.
- Students developed a better understanding of enterprise cloud transformation and modern ERP environments.
- Students became more aware of automation, governance, process optimisation, and digital transformation.
- The interaction enhanced awareness of Artificial Intelligence and its evolving role in business transformation.
- Students gained insights into industry expectations and the importance of continuous upskilling for technology careers.
- The session strengthened industry-academia interaction and contributed to students' overall industry readiness.

#### **6. Conclusion**

The "Know Your Industry" expert session proved to be an informative and valuable learning experience for students of the School of Computer Science and Engineering. The session provided meaningful exposure to Oracle Fusion Cloud, Supply Chain Management, enterprise cloud transformation, automation, and emerging AI-driven business solutions. The practical insights shared by Mr. Ashish Deshpande helped students understand the connection between academic knowledge and real-world technology applications. Overall, the session contributed to enhancing students' industry awareness, professional outlook, and readiness for technology-driven career opportunities.

#### **7. Acknowledgment**

The Central Training & Placement Cell extends sincere gratitude to Mr. Ashish Deshpande, Cloud and SCM Expert, Birlasoft, for sharing his valuable time, professional experience, and industry insights with the students. The Cell also acknowledges the support and cooperation of the university authorities, faculty members, coordinators, and students in making the expert session successful.
