- Mr. Shyam Kuwar, HR Head, Netwin Info Solutions

Organizing Committee: Faculty Members and Student Volunteers of the Department of Computer Science & Application, SOCSE, Sandip University.

Brief description of Event:

The Department of Computer Science & Application, School of Computer Sciences & Engineering, Sandip University, organized **Deekshrambh-2026**, an Induction Program for students. The program was designed to welcome and orient students to the university environment, academic processes, departmental activities, and opportunities available during their academic journey.

The program featured interactive sessions by industry experts **Mr. Makrand Sawarkar** and **Mr. Shyam Kuwar**, who provided students with valuable insights into industry expectations, professional skills, career opportunities, and workplace practices. The sessions helped students understand the importance of technical knowledge, communication skills, professionalism, and continuous learning.

Objective of the Event:

The objective of Deekshrambh-2026 was to familiarize students with the academic environment, departmental activities, university facilities, and professional opportunities. The program aimed to motivate students towards active participation in academic and co-curricular activities, develop awareness of industry expectations, and encourage them to build the technical, interpersonal, and professional skills required for their future careers.

Outcome of the Event:

The induction program helped students become familiar with the university and departmental environment and provided them with a clear understanding of academic and professional expectations. Interaction with industry experts enhanced students' awareness of career opportunities, workplace requirements, and the importance of continuous skill development. The program also motivated students to actively participate in academic, co-curricular, and professional development activities.
