Subject: Notice for Engineers' Day Celebration – 15th September 2026

The Department of Computer Science & Applications, School of Computer Science & Engineering, Sandip University, Nashik, is pleased to announce the celebration of **Engineers' Day** on the occasion of the birth anniversary of **Sir Mokshagundam Visvesvaraya**. The celebration is organized to recognize and appreciate the contributions of engineers towards technological advancement, innovation, and the development of society.

Event Details:

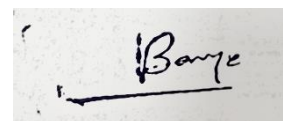

Event: Engineers' Day Celebration

Venue: S-125, Seminar Hall, O Building

Date: 15th September 2026

Timings: 01:00pm – 03:00pm

The event will provide an opportunity for students to celebrate the spirit of engineering through meaningful interactions and planned activities. The celebration will also encourage **innovation, creativity, teamwork, technical awareness, and problem-solving skills**, while highlighting the important role of engineers in shaping the future through technology and knowledge.

Associate Dean

Event Name: Engineers' Day Celebration 2026

Details of the Event:

Date of event: 15th September 2026

Name of Event: Engineers' Day Celebration

Venue: S-125, Seminar Hall, O Building

Time: 01:00 PM to 03:00 PM

Name of Coordinator: Ms.Monali Jadhav(Assistant Professor)

Mr.Rajyogi Chaudhari (Assistant Professor)

Number of Participants: 59

Organizing Committee: Faculty Members and Student Volunteers of the Department of Computer Science & Application.

Brief description of Event:

The Department of Computer Science & Applications, School of Computer Science & Engineering, Sandip University, Nashik, organized an Engineers' Day Celebration on 15th September 2026 at S-125, Seminar Hall, O Building. The event was organized to commemorate Engineers' Day and to recognize and appreciate the significant contributions of engineers towards technological advancement, innovation, and the development of society.

The programme commenced with a welcome to the faculty members and students. As part of the celebration, **Dr. Sarika Kondekar** and **Dr. Mritunjay Kr. Ranjan** delivered insightful speeches highlighting the importance of engineering, technological advancement, innovation, and the role of engineers in addressing real-world challenges. Their speeches motivated the students to develop technical knowledge, creativity, problem-solving abilities, and an innovative mindset.

Students also actively participated in the celebration and delivered speeches on **Engineers' Day**, sharing their views on the contributions of engineers, the importance of engineering in modern society, and the role of technology in shaping the future. The student speeches provided an opportunity for participants to express their thoughts and enhanced their confidence and communication skills.

The event provided a meaningful platform for faculty members and students to interact and celebrate the spirit of engineering, innovation, and technological development. The active participation of students contributed to creating an engaging and positive academic environment.

The programme concluded with a vote of thanks, acknowledging the support and contribution of the university authorities, department faculty members, coordinators, student volunteers, and all participants who contributed to the successful conduct of the celebration.

Objective of the Event:

The main objective of the Engineers' Day Celebration was to recognize and appreciate the significant contributions of engineers towards technological advancement, innovation, and the development of society. The event aimed to create awareness among students about the importance and scope of engineering in various fields while encouraging creativity, innovation, problem-solving, teamwork, communication, leadership, and technical awareness. It also provided students with an opportunity to participate in institutional activities, express their views, and understand the important role of engineers in addressing real-world challenges through technology and innovative solutions.

Outcome of the Event:

The **Engineers' Day Celebration** was successfully conducted and provided an engaging platform for students and faculty members to celebrate the spirit of engineering and innovation. The event enhanced students' awareness of the role and contribution of engineers in society and encouraged them to develop creativity, technical knowledge, and problem-solving abilities. The speeches delivered by **Dr. Sarika Kondekar, Dr. Mritunjay Kr. Ranjan, and the students** provided valuable insights and motivation to the participants. Students actively participated in the programme and gained experience in public speaking, communication, teamwork, and event organization. The celebration also promoted meaningful interaction between students and faculty members and created a positive and motivating academic environment within the department.
