**Outline of Program:.** Department of Computer Science & Application, School of Computer Sciences and Engineering organized a program on Induction Program From 21<sup>st</sup> July to 29th July 2025 for the First Year BCA, BSc CS Students. This program aimed to familiarize students with the academic structure, campus facilities, university rules, and departmental vision. The chief guest for the program Dr. Rajendra Sinha, Hon'ble Vice Chancellor and Dr. Vaibhav Sonje Associate Dean who delivered an inspiring speech highlighting the importance of technology-driven education and encouraged students to explore innovation and research in their respective fields.

**The objective of the Program:**

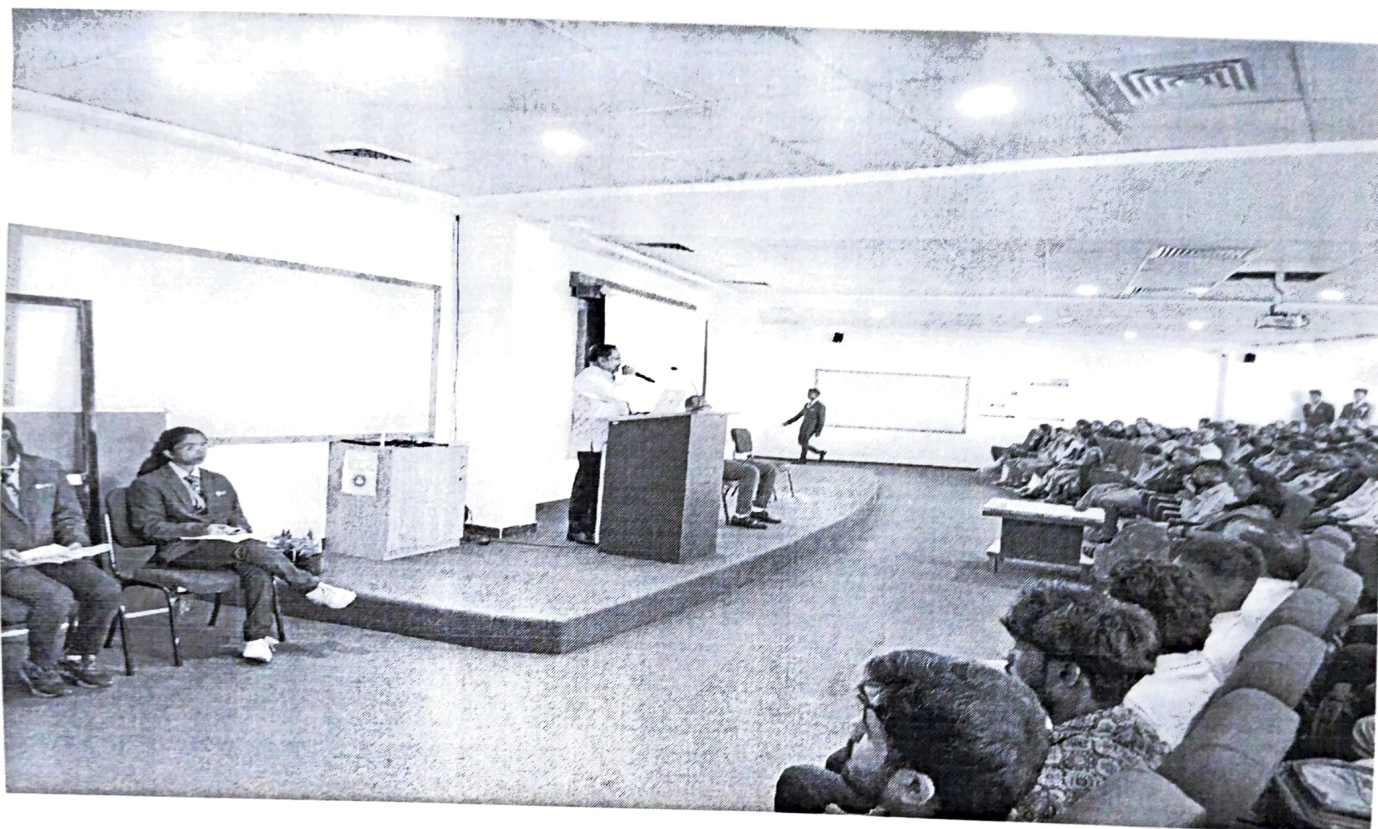

The objective of this program to introduce the students institutional culture, values, and academic framework. It also encourages students to develop discipline, integrity, and a positive attitude toward their academic and professional journey and to provide information on course curriculum, examination schemes, and learning resources. The freshers were also guided about examination patterns and Student ERP System. The program aimed to create awareness about various student support systems like SWAYAM, ICT tools, and soft skill development and integrate first-year students into the university environment.

## **Output of Program:**

The Induction Program successfully achieved its goal of introducing first-year students to the academic, cultural, and social aspects of university life. Through various sessions conducted over the span of eight days, students became familiar with the university's infrastructure, departmental resources, faculty members, and available student support systems.
