**Outline of Program:** Department of Computer Science & Application, School of Computer Sciences and Engineering organized the industrial visit was organized on 11<sup>th</sup> September 2025 to "Sumago Infotech Pvt Ltd, Nashik". The purpose of the visit was to provide students with practical insight into the IT industry and its operations. The program started with an introductory session about the company's background, services, and client portfolio. Students were then given a detailed tour of various departments including software development, testing, IT support, and project management. Interactive sessions were held with professionals from different teams to understand their roles, technologies used, and ongoing projects. The visit concluded with a Q&A session where students clarified their doubts and discussed.
