The Department of Computer Science & Application, School of Computer Sciences & Engineering, Sandip University, Nashik organized a Project Evaluation Session on 27th February 2026 in C3 Hall, S Building, from 10:00 AM to 03:00 PM.

The evaluation was conducted by Mr. Sachin Kumar, Director of Ishravati Software Solutions, who served as the external industry expert for the session.

During the evaluation, more than 60 major projects of TYBSc Computer Science (AIML & AR), TYBCA, and SYMCA students were reviewed. The assessment was based on project innovation, technical implementation, practical applicability, documentation quality, presentation skills, and overall understanding of the concepts.

The expert interacted individually with student groups, examined the working models and technical architecture, and provided detailed feedback for further improvement. Constructive suggestions were given to enhance project scalability, real-time implementation, and industry relevance.

The evaluation process was conducted smoothly, and students actively participated by explaining their project objectives, methodologies, and outcomes. The expert appreciated the efforts and innovative ideas demonstrated by the students and encouraged them to continue refining their projects to meet industry

standards.

The Department expresses sincere gratitude to Mr. Sachin Kumar for his valuable time, guidance, and professional insights during the project evaluation session.
