Outline of Program: Department of Computer Science & Application, School of Computer Sciences and Engineering organized a session on Your Resume, Your Brand: Write It Right! on date 18th July 2025 for the Final Year BCA, BSc CS & MCA Students. A resume is one of the most essential tools in a job seeker's toolkit. It serves as your first impression to potential employers, summarizing your skills, experience, achievements, and qualifications in a concise format. A well-crafted resume showcases your professional journey and demonstrates your fit for the role you're applying for.

The objective of the Program:

The objective of this session is to equip participants with the knowledge, strategies, and practical skills required to create an effective and professional resume. The session aims to help individuals understand the key components of a resume, tailor their content to specific

job roles, and present their qualifications and experiences in a clear, concise, and compelling manner. By the end of the session, participants will be able to:

Understand the purpose and importance of a resume in the job application process. Identify and organize the essential sections of a resume (e.g., summary, education, skills, experience).

Output of Program: The resume writing session aims to equip participants with the skills to create professional, well-structured, and impactful resumes. By the end of the session, students understand the key components of an effective resume, learn to tailor content to specific job roles, and avoid common mistakes. They leave with a draft resume aligned with industry standards and gain confidence in presenting their qualifications to potential employers.
