Sub: Student Participation in the Tree Plantation Program on 17-07-2026

This is to inform all students of **BCA, B.Sc. CS AIML & VR, and MCA** in the **Department of Computer Science and Applications** that the department is organizing a **Tree Plantation Event**. All students are encouraged to participate and support this initiative towards environmental conservation.

Event : Tree Plantation Program
Place : University Campus O building
Date : 17-07-2025 (Friday)
Timings : 10:30 AM Onwards

All students are encouraged to participate in the programme. Interested students are requested to report at the venue on time.

For further details, please contact **Mr. Gaurav Durgude, Assistant Professor**

Associate Dean

Details of the Event: Tree Plantation

Date of the Event	: 17-07-2026
Name of the Event	: Tree Plantation
Venue	: University Campus O building
Time	: 10:30 AM Onwards
No. of Participants	: 30

Objective:

The objective of the Tree Plantation Drive was to promote environmental awareness among students, encourage tree plantation for a greener future, and highlight the importance of trees in maintaining ecological balance and environmental sustainability.

Description:

On 17th July 2026, the Department of Computer Science and Applications, Sandip University, organized a Tree Plantation Drive within the university campus. The event witnessed enthusiastic participation from BCA and B.Sc. students.

A total of 30 students actively participated in the initiative. The students planted saplings at various locations across the campus and took a pledge to protect and nurture the planted trees. Faculty members guided the participants regarding the significance of afforestation and environmental conservation. The activity aimed to create awareness about the role of trees in reducing pollution, conserving biodiversity, and combating climate change.

Outcome:

The Tree Plantation Drive was successfully conducted and resulted in the plantation of several saplings across the university campus. The event enhanced environmental awareness among students and encouraged them to actively contribute towards building a greener and healthier environment.

Impact on Society:

The plantation drive promoted environmental responsibility and sustainable practices among students. By increasing green cover and spreading awareness about ecological conservation, the event contributed towards creating a cleaner environment and inspiring the community to participate in similar environmental initiatives.
