Sandip University, Nashik
## School of Computer Sciences and Engineering (SOCSE)

Event Report of Value Added Program on Python

Category of Event	: Value added Program
Title	: Value Added Program on Python
Schedule	: 10th April 2025
	Time: 10.00 AM to 05.00 PM
Venue	: Lab S-124A/B/C , 'O' Building, SOCSE
Duration	: 6 Hours
Organizing Faculty/ Convener (s)	: Dr. Monika S Deshmukh
Organizing Department	: School of Computer Sciences & Engineering
Faculty Coordinators	: Dr. Pushpalata Aher
Total Number of Participants	: 79
Expert Profile	: Mr. Anirudha Kolpyakwar, Assistant Professor, SOCSE

- **Objectives:** Sandip University, School of computer science and engineering had organized 1 day Value Added Program on Python for 2nd Year students. Value added programs are offered to provide need based education in a value based environment and responsive platform for the holistic development of the students and to constructively contribute to social welfare. Also to infuse and ignite young minds with discipline, courage and positive attitudes towards life and provide exposure to students to time-tested human and cultural values of our heritage.

- **About the Activity:** The program aimed to enhance students' programming proficiency and expose them to practical applications of Python beyond their academic syllabus. Throughout the session, Mr. Kolpyakwar covered core concepts such as data types, control structures, functions, and file handling, while also introducing advanced topics like data analysis and basic web development. The sessions were hands-on and interactive, allowing students to engage actively through coding exercises and real-time problem-solving. A quiz and a coding challenge were also organized to evaluate the participants' understanding. Students found the program insightful and appreciated the practical exposure it offered. Overall, the program was a valuable initiative that enriched the students' technical skills and prepared them for industry-relevant challenges.

- **Conclusion:** Value added program on Python was successfully completed
