The Department of Computer Science & Application, School of Computer Sciences & Engineering, Sandip University organized - a Workshop on Code to Career Industry and Innovation Talk with Alumni on 27th Feb 2026 for BCA & BSc. CS AIML & VR Student. The Alumni speakers shared their professional journey, industry experiences, challenges faced during their transition from campus to corporate life, and practical insights into current industry trends such as software development, data science, cloud computing, and AI. They also highlighted the importance of internships, certifications, project development, communication skills, and continuous learning.

The session was highly interactive, where students actively participated by asking questions related to placements, skill development, interview preparation, and career growth strategies.
