

Event Name

Details of the Event: Expert Talk on “Research to Innovation: The Role of IPR in Technology Transfer”

Date of event: 31/08/2026

Name of Event: Expert Talk

Venue: F-109, Civil Engineering Department School of Engineering and Technology, Sandip University, Nashik

Time: 1:30 PM onwards

Details of Speaker/Designation/Photograph (if any): Dr. Sandip K. Wagh (M.Sc., Ph.D.) – Expert Speaker

SDG Mapping: SDG 9 – Industry, Innovation and Infrastructure; SDG 4 – Quality Education.

Name of Coordinator: Rohan Kumar Choudhary

Number of Participants: All SE, TE and BE students

Organizing Committee: Department of Civil Engineering, School of Engineering and Technology, Sandip University, Nashik

The Department of Civil Engineering organized an Expert Talk on “**Research to Innovation: The Role of IPR in Technology Transfer**” on 31st August 2026. The session was delivered by **Dr. Sandip Wagh**, who shared valuable knowledge and practical insights on Intellectual Property Rights (IPR), patents, research, innovation, and technology transfer.

The session focused on creating awareness among students about the importance of protecting innovative ideas and converting research outcomes into practical applications. The interaction between the expert and participants made the session informative and engaging.

Objective of the Event:

1. To create awareness about **Intellectual Property Rights (IPR)** among students.
2. To understand the importance of **patents and protection of innovative ideas**.
3. To explain the relationship between **research, innovation, and technology transfer**.
4. To encourage students to develop innovative and research-oriented projects.
5. To provide practical knowledge regarding the commercialization and utilization of research outcomes.

Outcome of the Event:

The Expert Talk successfully enhanced the understanding of students and faculty members regarding **IPR, patents, research, innovation, and technology transfer**. Participants gained valuable insights into the importance of protecting intellectual property and transforming research ideas into innovative solutions.

The session also encouraged students to explore research and innovation opportunities and to consider IPR protection while developing their academic and research projects.

The event was **successfully completed with active participation and positive interaction from students and faculty members**.
