

Poster Presentation - Report

1. **Event Title:** “Innovations and Emerging Technologies in General and Civil Engineering for Sustainable Development” - Poster Presentation
2. **Event Date:** 31st August 2026
3. **Event Venue:** F109, Department of Civil Engineering, SOET, Sandip University, Nashik
4. **Event Duration:** 1:00 pm to 3:00 pm
5. **Event Coordinator:** Dr. S. Sudhakar
6. **Event Resource Person:** NA
7. **Class:** S.E & T.E. Civil Engineering Students
8. **Outline of the Event:**

The Department of Civil Engineering, SOET organized a Poster Presentation Contest on 31st August 2026 for II, and III Year Civil Engineering students. The theme was “**Innovations and Emerging Technologies in General and Civil Engineering for Sustainable Development.**” A total of 21 students participated and presented posters on contemporary topics in Geotechnical and Civil Engineering, such as “**Retaining Walls: Smart Analysis & Innovative Design Strategies,**” “**Understanding the Ground Beneath: Soil Characteristics & Subsurface Conditions,**” “**Clay Minerals: The Hidden Engineers of Soil Behaviour,**” “**Exploring the Underground: Modern Techniques in Subsurface Investigation,**” and “**Soil Leachate Mitigation: Controlling Contamination & Protecting Groundwater.**” The event provided a platform to showcase students’ technical knowledge, creativity, innovation and communication skills.

9. **Objective of the Event:**

- To encourage students to explore emerging Civil Engineering technologies and innovative practices.

- To provide a platform for students to identify and discuss contemporary engineering challenges.
- To encourage students to investigate sustainable solutions for present and future Civil Engineering needs.
- To promote interdisciplinary thinking and awareness of technological advancements in Civil Engineering.
- To connect theoretical knowledge with practical Civil Engineering applications.

Outcomes of the Event:

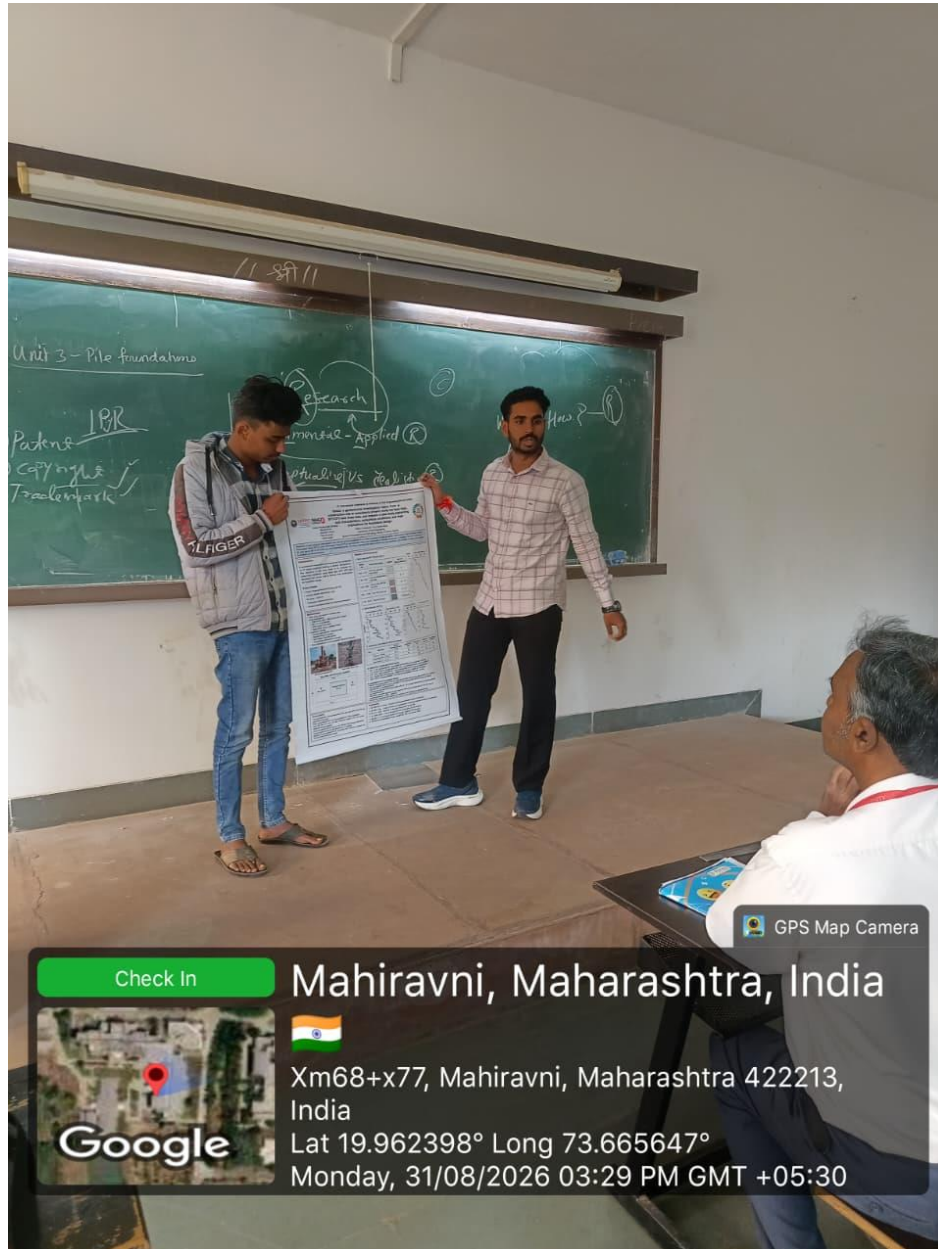

- Students demonstrated improved technical understanding of contemporary Civil Engineering topics.
- Students developed creative and innovative approaches to engineering problems.
- Students enhanced their presentation and communication skills.
- Students gained awareness of sustainable and emerging engineering practices.
- Students developed the ability to relate academic concepts to practical engineering challenges.

Students presenting their posters and explaining the key technical concepts to the judges.

Students interacting with the judging panel.

Students showcasing and explaining the poster content to the judging panel.

POSTER PRESENTATION

✦ 24TH AUGUST 2026 ✦

All students are hereby informed that a Poster Presentation has been scheduled on 24.08.2026. Students are encouraged to actively participate and present posters on relevant technical, innovative, environmental, or emerging topics related to **Civil Engineering**.

VENUE

Lower Ground Floor,
Department of Civil Engineering SOET

TIME

11.00 a.m – 1.00 p.m.

PARTICIPANTS

II, III- & IV-Year Civil Engineering Students

THEME / TOPIC

Innovations and Emerging Technologies
in General and Civil Engineering for
Sustainable Development

*Showcase
Your Ideas
Build a
Sustainable
Future*

Students are requested to register their names with the concerned faculty coordinator and prepare their posters as per the instructions.

AWARDS & RECOGNITION ★★

Prizes will be awarded
to the best poster
presentations.

E-Certificates will be
provided to all
participating students.
