

Event Name

Details of the Event: SUN Bird Watching

Date of event: 08.08.26

Name of Event: SUN Bird Watching

Sustainable Development Goals (SDGs) Mapping: SDG 15 – Life on Land and SDG 4 – Quality Education

Venue: Y-Building, Sandip University **Time:** 10:00 AM

Details of Speaker/Designation/Photograph (if any): Dr. Abhilash Kumar K A

Name of Coordinator: Dr. Abhilash Kumar K A

Number of Participants: 23

Organizing Committee: Civil Engineering Student Association (CESA), SOET.

Brief description of Event:

The **SUN Bird Watching** event, themed “See the Unseen, Love Nature,” invited students, faculty, and families for a refreshing morning exploring the wonderful world of birds. The activity was designed for nature lovers, photographers, and curious minds alike, offering a peaceful and enriching outdoor experience within the campus.

The event involved guided bird spotting sessions, photography opportunities, and expert guidance from experienced bird watchers, helping participants identify and appreciate the diverse avian species found around the campus. Participants were encouraged to bring their own binoculars and cameras to make the most of the experience.

Objective of the Event:

- Promote awareness and appreciation of local bird species and biodiversity.
- Encourage nature-based recreational and observational activities among students and families.
- Develop patience, focus, and photography skills through guided birding.

Outcome of the Event:

- Increased awareness about bird species found within and around the campus.
- Enhanced student and family engagement with campus green spaces.
- Encouraged photography and nature-documentation skills among participants.
- Promotion of environmental consciousness and love for nature.
