Blood Donation Camp

SANDIP UNIVERSITY

School of Engineering & Technology

Department of Aerospace Engineering

EVENT REPORT OVERVIEW

- **Name of Event:** Blood Donation Camp
- **Date of Event:** 24/sept/2026
- **Time:** 10:00am onwards
- **Venue:** O-building, Sandip University
- **Name of Coordinator:** NSS group of Aero students
- **Organizing Committee:** Team Aerospace Engineering
- **Number of Participants:** 50
- **Sustainable Development Goals (SDGs) Mapping:** SDG 3 - Good Health and Well-being, SDG 17 - Partnerships for the Goals.

Details of Speaker/Guest/Designation:

- **Name & Organization:** Medical Team Leader, Nashik Civil Hospital Blood Bank]

Brief Description of Event:

The Department of Aerospace Engineering, School of Engineering & Technology, Sandip University, organized a Blood Donation Camp. The initiative aimed to address the critical demand for blood in local blood banks while encouraging a culture of voluntary donation among engineering students and faculty. The drive was conducted under strict clinical supervision, ensuring safe screening, donation, and post-donation recovery protocols.

Department of Aero Engineering

Objective of the Event:

- To support public health infrastructure by collecting blood units for critical medical treatments.
- To raise awareness among students regarding the physiological and societal benefits of regular blood donation.
- To foster a sense of civic duty, empathy, and social responsibility within the campus community.
- To introduce students to emergency healthcare logistics and cooperative community service.

Outcome of the Event: After attending the session, participants were able to:

1. **Contribute Socially:** Participate directly in life-saving public health efforts through voluntary action.

Department of Aero Engineering

2. **Understand Health Logistics:** Grasp basic medical eligibility criteria, screening workflows, and health screening metrics.
3. **Overcome Hesitancy:** Overcome common misconceptions regarding blood donation through direct peer and medical support.
4. **Organize Community Drives:** Apply logistical teamwork to manage large-scale campus community welfare events.

Impact on Society:

- The event provided immediate support to regional healthcare systems and emergency patient care repositories.
- It cultivated a healthier, socially active student populace committed to humanitarian values.
- The visibility of the drive promoted broader community awareness regarding constant blood bank shortages.
