On 14th of December 2022, Department of Aerospace Engineering, SOET organized a guest lecture on Employability and Entrepreneurship opportunities for Engineers for students of Aerospace Engineering.

All the students, the faculty members, and HOD Aerospace Engineering were invited to the seminar hall, SOET, Sandip University. The entire lecture was planned by the faculty coordinator Mr.Akshay Gharat, under the guidance of HOD Aerospace Dr. Vishal N Sulakhe and the Asso. Dean SOET Dr. Prakash Burade.

The lecture Started at 10:00 am by Mr. Heramb Sahastrabudhe, where he addressed and explained the topic of Employability and Entrepreneurship opportunities for Engineers. Sir also explained how Reasons Why Innovation and Entrepreneurship in Engineering are important and taught the ways to achieve them. The following are the reasons:

- 1) Engineers are essentially inventors for the future.
- 2) It raises the standard of living on a global scale.
- 3) To become a T-shaped professional in the industry.
- 4) It can also lead to various job opportunities and help us develop our careers further.

This session helped the students the importance of entrepreneurship qualities and its importance in employment and how their future depends on it. The two hours lecture motivated the students to look forward to becoming entrepreneurs. The lecture commenced at 12:00 pm with Mr.Akshay Gharat proposing the vote of thanks. It was a very informative session, the students will definitely benefit from it.
