

**Civil Engineering Department
School of Engineering & Technology
Academic Year 2024-25
Report on Expert Talk**

1. Event Title: Lecture Series: Integrating Sustainable Development Goals in Civil Engineering Practice “Sustainable Highway Planning”

2. Event Date: 06/09/2024

3. Event Conduction Duration: 3.00 PM TO 5.00 PM

4. Event Venue: Civil Engineering Conference Hall, SOET Sandip University Nashik

5. Mode of Conduction: Hybrid

6. Event Resource Person Details (Speaker Image, Speaker name, Designation, company name)

Mr. Utpal Kant
Road Consultant & Research scholar
National Institute of Technology Patna, India

7. Name of Event Coordinator with contact details:

Mr. Deepak Prasad - Mo. 7607069710

8. Number of Participants: 38students + 12faculty members + 2 Technical assistants = 52

9. Event Outline, Objective & Outcome of the event:

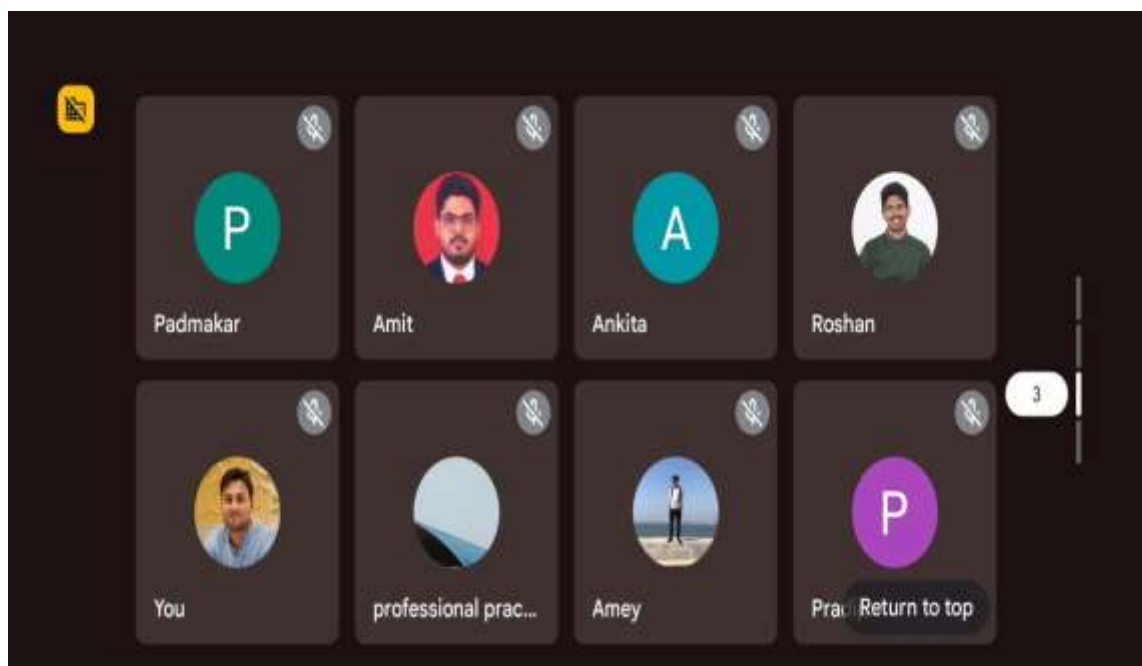

Outline: An expert talk has been organized on the theme “Lecture Series: Integrating Sustainable Development Goals in Civil Engineering Practice” in Civil Engineering Department, SOET, Sandip university on dated 06.09.2024.

Objective: To excel the student’s carrier towards current research opportunities in sustainable road planning.

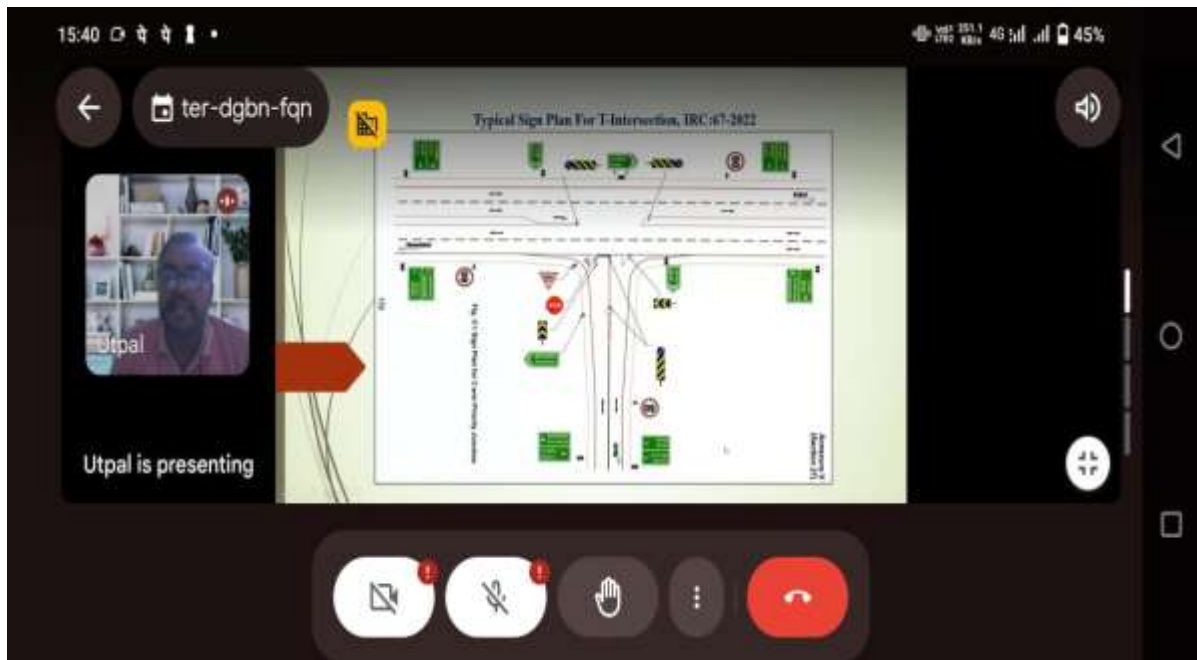

Outcome of session– Students are able to understand the sustainable pavement materials, design parameters, environmental impact and economic impact of road construction.
