CIRCULAR

Subject: E-Waste Management Activity to Anjaneri on 09th October 2026 for SY BCA, SY B.Sc. (CS AIML & VR) Students.

***

All concerned students are hereby informed that an **E-Waste Management Visit to Anjaneri** is scheduled on **12th October 2026**. The visit is organized for students of SY BCA, SY B.Sc. Computer Science, B.Sc. AI & ML, B.Sc. VR .

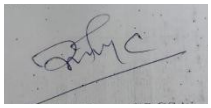

Event: E-Waste Management Visit to Anjaneri

Place: .Anjaneri

Date: 09th October 2026

Timings: 10:00 AM to 01:00 PM

All concerned students and faculty members are requested to take note of the above details and make the necessary arrangements for the successful conduct of the E-Waste Management Activity.

Associate Dean

Event Name: E-Waste Management Activity

Details of the Event:

Date of event: 09th October 2026
Name of Event: E-Waste Management Activity

Venue: Anjaneri

Time: 10:00 PM to 01:00 PM

Name of Coordinator: Mr. Gaurav Durgude, (Assistant Professor)
Ms.Ishwari Rakibe (Assistant Professor)
Mr.Akshay Gadekar

Number of Participants: 45

Organizing Committee: Faculty Members of the Department of Computer Science & Application

Brief description of Event:

The Department of Computer Science & Applications, School of Computer Science & Engineering, Sandip University, Nashik, organized an **Activity on E-Waste Management** for students of SY BCA and SY B.Sc. (Computer Science, Artificial Intelligence & Machine Learning, and Virtual Reality). The visit was intended to provide students with practical exposure to electronic waste management practices and help them understand the environmental impact of electronic waste and the importance of its proper disposal and recycling.

The E-Waste Management Activity aimed to familiarize students with e-waste collection, segregation, recycling, and disposal processes, along with sustainable practices for managing electronic waste. It provided an opportunity for students to understand the role of technology in waste management, the importance of environmental sustainability, and the need to follow responsible practices for handling obsolete electronic devices and components.

A total of **45 students** participated in the visit under the guidance of the faculty coordinators, Mr. Gaurav Durgude and Ms. Ishwari Rakibe and Akshay Gadekar. The visit was planned to bridge the gap between academic learning and practical environmental awareness, encouraging students to develop responsible e-waste management habits and understand the importance of sustainable technological development.

Objective of the Event:

The Activity of E-Waste Management was organized to provide students with practical exposure to electronic waste collection, segregation, recycling, and disposal processes. The Activity aimed to familiarize students with the environmental impact of e-waste, promote awareness of sustainable waste management practices, and help them understand the importance of responsible disposal and recycling of electronic devices. It also aimed to encourage students to adopt eco-friendly practices and understand the role of technology in environmental sustainability.

Outcome of the Event:

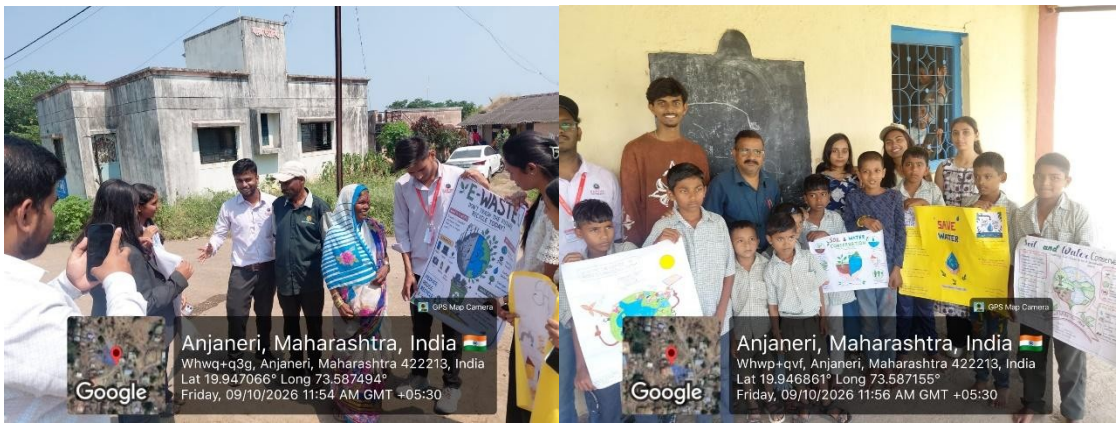

The E-Waste Management Activity was intended to enhance students' understanding of e-waste management practices and the importance of proper electronic waste disposal. It aimed to improve their awareness of recycling techniques, environmental protection, sustainable development, and the harmful effects of improper e-waste handling. The Activity also encouraged students to develop responsible electronic waste management habits and contribute towards a cleaner and more sustainable environment.
