Event Name

Details of the Event: Community engagement program

Date of Event: 22.10.2026

Name of Event: Community engagement program for 3rd Semester Electrical Engineering Students

Sustainable Development Goals (SDGs) Mapping: SDG 4 – Quality Education; SDG 10 – Reduced Inequalities; and SDG 11 – Sustainable Cities and Communities.

Venue: Zilla Parishad Primary School Talegaon, Nashik

Time: 10:00 AM

Details of Speaker/Designation/Photograph (if any): Faculty Members of the Department of Electrical Engineering

Name of Coordinator: Dr. Sathishkumar Hari and Mr.Imran Ahmad

Number of Participants: 60

Organizing Committee: Department of Electrical engineering

Brief description of Event:

The Department of Electrical Engineering, Sandip University, Nashik, organized a Community Engagement Programme for 3rd Semester Electrical Engineering students on 22 October 2026 at Zilla Parishad Primary School, Talegaon, Nashik. The programme aimed to promote social responsibility, community interaction, and awareness of the importance of education among students. Faculty members guided the students in engaging with the school community and understanding the role of engineers in societal development. The programme supported SDG 4 – Quality Education, SDG 10 – Reduced Inequalities, and SDG 11 – Sustainable Cities and Communities.

Objective of the Event:

- To develop social responsibility and a sense of community service among 3rd Semester Electrical Engineering students.
- To encourage interaction between university students and the local school community.
- To promote awareness of the importance of quality education and equal learning opportunities.
- To develop teamwork, communication, leadership, and interpersonal skills among students.
- To motivate students to contribute positively to society and support sustainable community development.

Outcome of the Event:

- Students developed a greater sense of social responsibility and community engagement.
- The programme strengthened students' teamwork, communication, leadership, and interpersonal skills.
- Students gained practical exposure to community needs and the importance of inclusive education.
- The interaction with the school community encouraged empathy, cooperation, and civic awareness among students.
- The programme contributed to the promotion of SDG 4 – Quality Education, SDG 10 – Reduced Inequalities, and SDG 11 – Sustainable Cities and Communities.

Subject: Permission to Organize Community Engagement Visit for Second Year Electrical Engineering Students

Respected Sir,

I respectfully request your permission to organize a **Community Engagement visit** for the Second Year students of the Department of Electrical Engineering on **Thursday, 22nd October 2026**, at **Zila Parishad Primary School Talegaon, Nashik**.

The objective of the visit is to provide students with an opportunity to engage with the local community and understand the social and educational challenges faced by school students. As part of the activity, our students will interact with the school students and faculty members and participate in activities aimed at promoting awareness, learning, and community development.

The visit will help our students develop social responsibility, communication skills, teamwork, leadership qualities, and a better understanding of community needs. It will also contribute towards fulfilling the objectives of the **Community Engagement/Field Project** component of the curriculum.

I kindly request your approval to conduct the visit and proceed with the necessary arrangements.

Thanking you,

H.O.D.

NOTICE

Ref No: SUN/SOET/EED/Academic/2026-27/ **Date: Thursday, 21 October 2026**

All **Second Year Students of the Department of Electrical Engineering** are hereby informed that a **Community Engagement Visit** has been organized as per the details given below:

Event: Community Engagement Visit

Date: Thursday, 22 October 2026

Time: As per the departmental schedule

Venue: Zila Parishad School Primary School, Talegaon, Nashik

Participants: Second Year Students, Department of Electrical Engineering

Purpose:

1. Community interaction and engagement with school students.
2. Understanding the educational and social needs of the local community.
3. Developing social responsibility, communication, teamwork, and leadership skills among students.
4. Conducting educational and awareness activities for school students.
5. Providing students with practical exposure to community-based activities.

All concerned students are instructed to participate actively in the visit and follow the instructions provided by the faculty coordinators. Students are expected to maintain proper discipline and professional conduct throughout the visit.

Your active participation and cooperation are highly appreciated.
