Expert Talk – Electrical Safety

1. Event Title: Expert talk on Electrical Safety for 2nd, 3rd & Final year B.Tech. Engineering students.

2. Event Date: 9th August 2024

3. Event Conduction Duration: 11:00 AM to 12:30 PM

4. Event Mode: Offline

5. Event Resource Person Details:

Dr. Jitendrakumar Rathour
Additional Executive Engineer,
M.S.D.C.L's Training & Safety Dept.,
Eklahare Nashik

6. Name of Event Coordinator with contact details:

Mr. Harshal R. Chaughule , Asst. Professor, EEED, SOET

Report Prepared By :

Mr. Yogesh M. Kahandal , TA , EEED, SOET

7. Event Outline & Outcome of the event:

Objective of Program:

1. Raise Awareness: Increase participants' understanding of the importance of electrical safety in both personal and professional settings.

2. Educate on Hazards: Inform attendees about common electrical hazards such as electrocution, electric shocks, and fires, and how to prevent them.

3. Promote Compliance: Ensure participants are aware of relevant safety regulations, standards, and best practices related to electrical work.
4. Training on Procedures: Provide training on proper procedures for working with electrical equipment, including installation, maintenance, and troubleshooting.
5. Encourage Reporting: Encourage individuals to report any electrical safety concerns or incidents promptly to prevent future accidents.

Output of Program:

1. Increased Awareness: Participants will have a heightened awareness of electrical safety issues and potential hazards.
2. Improved Knowledge: Attendees will gain a better understanding of electrical safety practices and protocols.
3. Enhanced Skills: Participants will develop practical skills for identifying and mitigating electrical risks.
4. Safer Work Environment: Implementation of learned safety measures will lead to a safer work environment with reduced incidents of electrical accidents.
5. Compliance: Increased compliance with safety regulations and standards, leading to a lower risk of violations and penalties.
6. Risk Reduction: Overall, the seminar will contribute to a significant reduction in the risks associated with electrical work and activities.

Number Students Attended: 65
