## EVENT REPORT

**1. Event Title:** Tree Plantation Drive organized by the Department of Electronics and Telecommunication Engineering under **NSS activity**, School of Engineering and Technology (SOET), Sandip University, Nashik

**2. Event Date:** 29/07/2026

**3. Event Conduction Duration:** 3:00 PM to 5:00 PM

**4. Event Mode:** Field Activity / Campus Activity

**5. Name of Event Coordinator:** Dr. Pratap Kuntiya

**Report Prepared By:** Dr. Pratap Kuntiya

**Department of Electronics and Telecommunication Engineering, SOET**

### 6. Event Outline & Outcome of the Event

#### **Introduction:**

The **Department of Electronics and Telecommunication Engineering, School of Engineering and Technology (SOET), Sandip University, Nashik** organized a **Tree Plantation Drive** on **29th July 2026** on the auspicious occasion of **Guru Purnima** under **NSS activity**. The event was conducted at **SOET, in front of Y Building**, with the participation of students and faculty members.

The initiative aimed to promote environmental awareness, encourage students to actively participate in green campus activities, and highlight the importance of trees in maintaining ecological balance and a sustainable environment.

#### **Objective of the Event:**

- To promote environmental awareness among students and faculty members.
- To encourage active participation in campus greenery and sustainability initiatives.
- To develop a sense of responsibility towards environmental conservation.
- To contribute towards creating a greener and healthier campus.
- To encourage students to understand the importance of trees and sustainable environmental practices.

**Details of the Event:**

The Tree Plantation Drive was conducted under **NSS activity** from **3:00 PM to 5:00 PM** in front of **Y Building, SOET**. Students and faculty members actively participated in the plantation activity. Participants brought saplings of their choice and planted them at designated locations.

The activity provided students with an opportunity to contribute directly towards environmental conservation. The participants were also encouraged to take responsibility for the proper care and growth of the planted saplings.

**Learning Outcomes:**

Students:

- Developed awareness about the importance of trees and environmental conservation.
- Understood the significance of maintaining a green and sustainable campus.
- Developed a sense of social and environmental responsibility.
- Gained practical experience through participation in a plantation activity.
- Understood the importance of collective efforts in environmental sustainability.

**Outcome of the Event:**

The Tree Plantation Drive successfully encouraged students and faculty members to participate in an environmental sustainability initiative under **NSS activity**. The activity contributed to campus beautification and greenery while promoting awareness about environmental protection and sustainable practices.

**Conclusion:**

The **Tree Plantation Drive organized on 29th July 2026** was successfully conducted with active participation from the Department of Electronics and Telecommunication Engineering under **NSS activity**. The event provided an opportunity for students and faculty members to work together towards environmental conservation. The initiative reinforced the message that small individual contributions, when combined, can create a meaningful positive impact on the environment.

**Acknowledgements:**

We sincerely thank the **Management of Sandip University, School of Engineering and Technology, Department of Electronics and Telecommunication Engineering**, faculty members, and all participating students for their valuable support and active participation in organizing and successfully conducting the Tree Plantation Drive under **NSS activity**.
