Felicitations by Dr. Mahendra Shinde, HOD, F.E. B.Tech

In his address, Dr. Anil S. Maheshwari sir discussed the need for good students. He said that there is different way of applying the skills and knowledge. We have to analyse real life problems and to draw the conclusions. In addition, the students can learn how to cooperate with others too.

Dr. Anil S. Maheshwari sir explained the importance of Discipline in study.

Session in Progress

Dr. Anil S. Maheshwari sir also suggested that at the end of every semester, the students should be encouraged to do a mini project work based on the laboratory experiments, so that they could achieve something really good when they come to the final semester. He advised the students to learn relevant theory before conducting an experiment in the lab, so that he/she can appreciate the need for doing each experiment. He also advised the students to ask and know from the faculty, the relevance of doing each experiment in the lab.

Faculties and Students

During his lecture, Dr. Anil S. Maheshwari sir displayed the quotations of several renowned scientists such as Einstein, to bring out the importance of gaining practical knowledge along with theoretical knowledge.

Active participation of students

At the end of the guest lecture, *Dr. Mahendra Shinde*, HOD of F.E. B.Tech. proposed the vote of thanks. The session was very interactive and many students requesting for more such sessions.
