PARENTS MEET - REPORT

The Department of Mechanical Engineering, School of Engineering and Technology (SOET), Sandip University, Nashik organized a Parents Meet on 7th March 2026 at 11:00 AM in the Board Room, Y Building, Sandip University campus. The initiative aimed to strengthen the interaction between parents and the department and to discuss the academic progress, discipline, attendance, and overall development of the students.

The meeting was conducted under the guidance of Head of the Department, Dr. Vishal Sulakhe, with the coordination of Academic Coordinator Dr. Kiran Kaware. All the faculty members of the Mechanical Engineering Department were present during the session to address parents' concerns and provide detailed information about students' academic performance and departmental activities.

During the meeting, parents were informed about various important aspects including academic monitoring, attendance requirements, mentoring system, skill development activities, placement preparation, internships, and departmental initiatives for improving students' technical and professional competencies. Faculty members interacted individually with parents to understand their concerns and provided appropriate guidance regarding students' performance and improvement strategies.

The session also emphasized the importance of regular attendance, continuous learning, participation in technical activities, and career-oriented skill development for the overall growth of students. Parents were encouraged to remain actively involved in monitoring their ward's academic progress and to maintain continuous communication with the department.

The meeting served as an effective platform to build stronger collaboration between parents and the institution, ensuring better academic support and guidance for students.
