Academic Year 2024-25

**Expert Lecture on Indian Scenario of Solid Waste Management in India**

- 1. Event Title:** Expert Lecture on Indian Scenario of Solid Waste Management in India
- 2. Event Date:** 12.04.2025
- 3. Event Conduction Duration:** 11.00 AM TO 1.30 PM
- 4. Event Venue:** F109, Y Building SOET Nashik
- 5. Event Resource Person Details (Speaker Image, Speaker name, Designation, company name)**  
Ms. Yamini Patil  
Professor, Government Polytechnic, Jalgaon
- 6. Name of Event Coordinator with contact details:**  
Ms. Pranoti Sabale- Mo. 9975110284
- 7. Number of Participants:** 20+students

**8. Event Outline, Objective & Outcome of the event:**

**Outline:** Brief overview of current solid waste management practices in India & challenges, opportunities, and recent advancements in the field of waste management within the Indian context.

**Objective:**

- To provide students and participants with a comprehensive understanding of the current solid waste management practices in India.
- To highlight the challenges, opportunities, and recent advancements in the field of waste management within the Indian context.
- To promote awareness about the environmental, social, and economic impact of improper waste disposal and the importance of sustainable waste handling.
- To familiarize attendees with relevant government policies, municipal initiatives, and technological solutions adopted across India.

**Outcome of visit –**

- Participants will gain deeper insights into the real-world issues and solutions related to solid waste management in India.
- Increased awareness of sustainable practices and the importance of individual responsibility in waste segregation and reduction.
- Enhanced understanding of the roles played by local bodies, industries, and policymakers in managing urban and rural waste.

- Students will be better equipped to align their academic projects, research, or future careers with the evolving needs of the environmental and waste management sectors.
- Creation of a platform for future collaborations, internships, and project opportunities with experts and organizations involved in waste management.
