“Seminar on Career in Finance”

by

**MBA Finance students under the
School of Commerce and Management Studies**

on 20.03.2025

Conducted by:

Dr. Shilpi Agarwal, Professor, SOCMS

About the Program:

The "Career in Finance" program, organized by the School of Commerce and Management Studies (SOCMS) at Sandip University, aims to provide students with valuable insights into the various career opportunities in the finance sector. The session is led by CMA Suraj Lahoti, a distinguished Cost and Management Consultant and Foreign Trade Policy Expert. This initiative is part of the university's commitment to bridging the gap between academic knowledge and industry practices.

Objectives of the Program:

- To introduce students to different career paths in finance, including financial consulting, management, and trade policy.
- To provide practical insights into the skills and qualifications required for success in the finance sector.
- To educate participants on the latest trends and opportunities in financial management.
- To foster networking opportunities by engaging students with industry experts.
- To enhance students' understanding of real-world financial challenges and decision-making processes.

The Activities Carried under the Program:

Key Highlights of the Visit:

- **Keynote Address:** Delivered by CMA Suraj Lahoti, focusing on career progression in finance and the role of financial consultants.
- **Industry Insights:** A discussion on foreign trade policy and its impact on the global financial landscape.
- **Interactive Q&A Session:** Participants will have the opportunity to engage with the speaker, gaining clarity on career paths and industry requirements.

School of Commerce & Management Studies

- **Networking Opportunities:** Students can interact with faculty members and industry experts for mentorship and career advice.

Outcome of the “Program”:

Learning Outcomes:

- Enhanced awareness of diverse career opportunities in the financial sector.
- Improved understanding of the qualifications and skills needed for financial consulting and trade policy roles.
- Increased confidence in making informed career choices.
- Development of critical thinking and problem-solving skills through discussions on real-world financial scenarios.
- Establishment of industry connections for future career growth.

Conclusion: The "Career in Finance" session serves as a valuable platform for students to explore and understand the various dimensions of the finance industry. The insights provided by CMA Suraj Lahoti will equip participants with the knowledge and motivation to pursue successful careers in finance. The program also strengthens the university's efforts in fostering career readiness and empowering students to become future financial leaders.
