CIRCULAR

Subject: Two days Research/Academic Visit to Pune

All the students of M.Pharmacy Pharmaceutical Quality and Industrial Pharmacy Second Year are hereby informed that Pharmaceutical Sciences, Sandip University, Nashik, has planned for 2 days Research/Academic visit to SPM's Prin. B. V. Bhide Research & Training Institute and Agharkar Research Institute, Pune on 24th August 2026 and 25th August 2026..

All the students have to attend the visit as this academic/research exposure will contribute positively to your learning and enhanced the understanding of research practices and advanced scientific facilities.

The objective of Research/Academic visit is to provide students with practical exposure to pharmaceutical research, advanced laboratory facilities, analytical techniques, industrial practices, interdisciplinary research methodologies, innovation, and career opportunities through interaction with research experts.

Event:

2 days Research/Academic Visit to SPM's Prin. B. V. Bhide Research & Training Institute and Agharkar Research Institute, Pune

Place: Pune

Date: 24th August 2026 and 25th August 2026.

Timings: 5.00 am to 6.00 pm (Whole Day)

Event Name

Details of the Event: Two days Research/Academic Visit to SPM's Prin. B. V. Bhide Research & Training Institute and Agharkar Research Institute, Pune

Date of event: 24th August 2026 and 25th August 2026.

Name of Event: Two days Research/Academic Visit

Venue: Pune

Time: 24th August 2026 5.00 am to 6.00 pm 25th August 2026 11.00 am to 5.00 pm

Details of Speaker/Designation/Photograph (if any):

Name of Coordinator: Dr.Ramdas Dolas

Number of Participants: 23

Organizing Committee: Dr.Ramdas Dolas, Dr.Prashik Dudhe Dr.Rupali Wagh

Brief description of Event:

Day 01 | Two-Day Industrial & Research Institute Visit

As part of the Two-Day Industrial & Research Institute Visit, the students and faculty members of the School of Pharmaceutical Sciences (SOPS), Sandip University, Nashik, visited SPM's Prin. B. V. Bhide Research & Training Institute, Pune, for Day 01. The students received valuable guidance and interacted with the distinguished experts of the institute:

Dr. Prashant Duraphe – Director

Dr. Dipess Chikane – Training Program Coordinator

Ms. Gayatri Prabhukhanolkar – Microbiologist

Mr. Sanket Vakte – Research Associate

Dr. Sachin Kuchekar – Research Associate

Dr. Vijay Gadgil Principal Scientist

The experts provided students with insightful guidance on research methodologies, analytical techniques, microbiological practices, pharmaceutical research, industry-oriented skills, innovation and career opportunities. The sessions helped students understand the practical application of their classroom knowledge in a professional research environment.

The visit was highly informative and enriching, offering students valuable exposure to research, analytical practices and industry-academia interaction and motivating them towards research and innovation.

Day 02 | Two-Day Industrial & Research Institute Visit

The Day 02 of the Two-Day Industrial & Research Institute Visit provided the students and faculty members of the School of Pharmaceutical Sciences (SOPS), Sandip University, Nashik, with an enriching exposure to advanced biomedical, nanobioscience and experimental research facilities at Agharkar Research Institute (ARI), Pune. During the visit, the students gained valuable insights into nanobioscience, research, laboratory animal facilities, pharmacological and toxicity studies; and zebrafish-based research models.

The students were introduced to the Nanobioscience research facility, where they received insights into contemporary research applications in nanoscience and biotechnology.

The students also visited the Animal House Facility, which supports institutional research activities including the supply of laboratory animals and pharmacological and toxicity testing. The facility is managed under the guidance of Dr. S. H. Jadhav, Scientist In-Charge, with support from Shri V. M. Gosavi, Attendant C.

Another important highlight was the exposure to the Zebrafish Facility under the Developmental Biology Group. The students learned about the use of zebrafish as an important experimental model for studying cardiovascular development, tissue homeostasis and heart regeneration. The research facility is led by Dr. Chinmoy Patra, under the broader supervision of the Developmental Biology Group, including senior faculty such as Dr. Anuradha Ratnaparkhi, Scientist G.

The Day 02 visit provided students with valuable practical exposure to advanced research methodologies, experimental models, animal research, toxicity evaluation, nanobioscience and translational biomedical research, thereby strengthening their understanding of the practical applications of pharmaceutical sciences.

An insightful and enriching experience that inspired our students towards advanced research, innovation and interdisciplinary scientific exploration.

Objective of the Event:

To provide students with practical exposure to pharmaceutical research, advanced laboratory facilities, analytical techniques, industrial practices, interdisciplinary research methodologies, innovation, and career opportunities through interaction with research experts.

Outcome of the Event: Students gained practical research exposure, enhanced understanding of advanced techniques and experimental models, developed industry-oriented skills, and were motivated towards research, innovation, interdisciplinary learning, and professional development.
