Health & Hygiene Awareness Camp

Details of the Event:

Date of event: 08 September 2026

Name of Event: Health & Hygiene Awareness Camp

Venue: T&P Cell, S Building

Time: 10:30 AM onwards

Name of Coordinator: Dr. Subhodh Gangurde, School of Pharmaceutical Sciences

Number of Participants: 55

SDG addressed: SDG 3, Good Health and Well-being, SDG 17: Partnerships for the Goals

Organizing Committee:

Dr. Subhodh Gangurde (Coordinator) and faculty members of the School of Pharmaceutical Sciences.

Brief description of Event:

The School of Pharmaceutical Sciences organized a Health & Hygiene Awareness Camp on 08 September 2026 under the coordination of Dr. Subhodh Gangurde. The camp aimed to sensitize participants to the importance of personal hygiene, sanitation, safe food and water practices, and healthy everyday habits in preventing common infections and lifestyle-related ailments. Awareness was created through interactive discussion, demonstrations and distribution of information on good hygiene practices. Participants took an active interest and clarified their doubts with the resource persons.

Objective of the Event:

1. To create awareness about personal, food, water and environmental hygiene.
2. To promote preventive healthcare habits such as regular handwashing, oral hygiene and a balanced diet.
3. To educate participants on the prevention of common communicable diseases.
4. To encourage students to spread health awareness within their families and community.

Outcome of the Event:

1. Participants gained better understanding of the importance of health and hygiene in daily life.
2. Awareness about preventive measures against common infections and lifestyle-related health issues was increased.
3. Participants were motivated to adopt and share good hygiene practices in their homes and community.

Impact on Society:

The camp promoted preventive healthcare and health awareness among the campus community, enabling early detection of high blood pressure, diabetes and vision problems. It encouraged participants to adopt healthier lifestyles and seek timely medical advice, and reinforced the university's commitment to social responsibility and community well-being.
