Department/ School Name: Department of Pharmacy / SOPS.

Academic Year: 2026-2027

Report on: Event Organized by School of Pharmaceutical Sciences, Sandip University, Nashik

Event Title: “National Pharmacy Education Awareness programme” under Pharma Anveshan 2026

Event Date: 10th August 2026

Event Conduction Duration: 11:30 am to 12:00 pm

Event Venue: Smart Classroom, SOPS

Coordinator with contact details: Event was coordinated by Dr. Sunita S. Deore, Associate Professor, under the guidance of Dr. Abhijeet Kulkarni, Dean, School of Pharmaceutical Sciences.

Event Outline & Outcome of the event:

Outline of Program: The National Pharmacy Education Awareness Programme was conducted at the School of Pharmaceutical Sciences, Sandip University, Nashik, on 10 August 2026.

The programme commenced with a welcome address and introduction to the purpose of the awareness programme. The participants were briefed about the importance of pharmacy education and the growing role of pharmaceutical professionals in the healthcare sector.

The programme included interaction and awareness activities focusing on pharmacy education, career pathways, higher education, research opportunities and professional development.

Students were encouraged to actively participate in the discussions and clarify their queries related to pharmacy education and career planning.

The programme provided an opportunity for students to understand the diverse career avenues available in the pharmaceutical sector and the importance of developing technical knowledge, communication skills, research aptitude and professional ethics.

Objective of Program: The major objectives of the programme were:

1. To create awareness about pharmacy education and the importance of the pharmacy profession.
2. To familiarize students with different career opportunities available after B. Pharmacy and M. Pharmacy.
3. To highlight the role of pharmacists in healthcare and patient care.
4. To motivate students towards higher education, research and innovation in pharmaceutical sciences.
5. To provide awareness regarding opportunities in pharmaceutical industries, regulatory affairs, clinical research, academia and other allied sectors.
6. To develop professional awareness and a responsible attitude among pharmacy students.
7. To encourage students to actively participate in academic, research and professional development activities.

Outcome of Program: The programme successfully created awareness regarding the importance and scope of pharmacy education among the participants. Students gained a broader understanding of the pharmaceutical profession and the different career pathways available to them.
