Report on National Science Day Celebration

Date: 28th February 2026

Venue: School of Pharmaceutical Sciences

Coordinator – Dr. Sandhya Laxmikant Borse

1. Introduction

The School of Pharmaceutical Sciences celebrated **National Science Day** on 28th February 2026 with great enthusiasm and academic spirit. National Science Day is observed every year to commemorate the discovery of the Raman Effect by the eminent Indian scientist C. V. Raman. The celebration aims to promote scientific awareness, research orientation, and innovation among students.

2. Objectives of the Program

The objectives of organizing National Science Day were:

- To cultivate scientific temper among first-year B.Pharm students.
- To encourage active learning through research-based poster presentations.
- To enhance conceptual understanding of pharmaceutical sciences.
- To develop communication and presentation skills among students.

3. Details of the Activity

On this occasion, a **Poster Presentation Competition** was organized exclusively for First-Year B.Pharm students. Students actively participated in groups and presented posters on various scientific and pharmaceutical topics including:

- Types of Impurities
- Organic Acids
- Alkaloids
- Pharmaceutical Compounds and Their Classification
- Chemical Structures and Reaction Mechanisms

The posters were well-prepared with detailed diagrams, structural representations, tables, and relevant explanations. Students confidently explained their topics and interacted effectively with faculty members during the evaluation process.

4. Evaluation Criteria

The presentations were evaluated by faculty members based on:

- Subject Knowledge and Concept Clarity
- Scientific Accuracy
- Presentation and Communication Skills
- Creativity and Innovation
- Team Coordination

Constructive feedback was provided to all participants to enhance their academic and presentation skills.

5. Outcomes of the Event

The celebration successfully:

- Strengthened students' understanding of fundamental pharmaceutical concepts.
- Encouraged research-based learning and analytical thinking.
- Improved teamwork and confidence among students.
- Promoted scientific curiosity and innovation.

6. Conclusion

The National Science Day celebration at the School of Pharmaceutical Sciences was conducted successfully with active participation from First-Year B.Pharm students and guidance from faculty members. The event reflected the institution's commitment to fostering scientific excellence, research aptitude, and holistic academic development among future pharmacists.

The program concluded with appreciation for all participants and faculty members for their enthusiastic involvement and contribution.
