Department/ School Name: Department of Pharmacy / SOPS.

Academic Year: 2026-2027

Report on: Event Organized by School of Pharmaceutical Sciences, Sandip University

Event Title: World Hepatitis Day

Event Date: 28th July 2026

Event Conduction Duration: 13:30 am to 12:00 pm

Event Venue: Smart Classroom, SOPS

Coordinator with contact details: Dr. Pradeep Deshmukh

Event Outline & Outcome of the event:

Outline of Program:

The World Hepatitis Day awareness programme was organized at the School of Pharmaceutical Sciences, Sandip University, Nashik, on 28 July 2026. The programme focused on creating awareness about hepatitis, its prevention, early detection, treatment, and the importance of maintaining liver health. Participants were encouraged to understand the significance of preventive practices, timely medical consultation, and responsible health behaviour.

The programme was designed to promote awareness regarding the impact of viral hepatitis and to encourage students and participants to take informed steps for prevention and early management. The activity also emphasized the role of healthcare professionals, including pharmacists, in patient education and public health awareness.

Objective of Program:

1. To create awareness about hepatitis and its impact on public health.
2. To familiarize participants with the common preventive measures for hepatitis transmission.
3. To highlight the importance of early detection, timely diagnosis and appropriate treatment.
4. To promote awareness regarding vaccination and other evidence-based preventive practices where applicable.
5. To encourage healthy and responsible practices for maintaining liver health.
6. To emphasize the role of pharmacy and healthcare professionals in public health education.
