## Technical Session I (25-11-2022):

Technical session had two talks by the guest speakers.

Dr. Makarand Gambhire was the chairperson for the first talk by **Prof. (Dr.) S.H. Ansari**. Dr. Gambhire recited the citation of **Key Note Speaker** Prof. Ansari. The topic for his talk was **“Challenges and opportunities in herbal drug development and quality standards”**. Sharing his experience and expertise he emphasized that researchers should look for new use of already proven herbal medicines, and Ayush drugs are the potential resources. The speaker also clarified the queries of delegates. At the end, Prof. Ansari was felicitated with a certificate and Memento of Ministry of Ayush sponsored National Symposium by the Chairperson.

The second talk of 1<sup>st</sup> technical session was chaired by **Dr. Abhijeet Kulkarni**. He read the citation of the eminent speaker **Dr. Anurag Varshney**. The speaker presented to the delegates

about “**Discovering noble avenues for natural medicines: The curious case of Ashwagandha**”.

He also highlighted the research works that have been undertaken by reverse engineering of many Ayush drugs especially from medicinal plants. Delegates interacted with the speaker and got their queries clarified. At the end, Dr. Varshney was felicitated with a certificate and Memento of Ministry of Ayush sponsored National Symposium by the Chairperson.

## Technical Session II (25-11-2022):

**Dr. Amar G. Zalte** was the Chairperson for the Technical session II. He presented the citation of the invited eminent speaker **Prof. (Dr.) K S Laddha**. The topic for his presentation was **“Phytochemicals and their applications in diverse fields”**. He highlighted the key points for turning challenges in to earning opportunities through research and development activities to contribute to our National Mission Aathmanirbhar Bharat. Delegates thrilled to know the simple tricks in R&D activities. At the end, Prof. Laddha was felicitated with the symposium kit, dry fruit basket, certificate of presentation and Memento of Ministry of Ayush sponsored National Symposium by the Chairperson.

### **Technical Session III (26-11-2022):**

The 2<sup>nd</sup> day (26-11-2022) proceedings were anchored by Dr. Sandhys L. Borse. Technical session III started with felicitation of the invited guest speakers with symposium kit and the dry fruit basket to **Prof. (Dr.) Bhairav Bhimrao Tawshikar Kulkarni** and **Dr. Ahmad Ali**.

The topic for his presentation was “**Management of Tamak Shwas (Bronchial Asthma) through Ayurveda**”. The talk was full of information about the therapy of Tamak Shwas by the use of Ayurvedic drugs. He answered all the queries and the delegates were satisfied by the interactive session. At the end, Prof. Kulkarni was felicitated with the symposium kit, dry fruit basket, certificate of presentation and Memento of Ministry of Ayush sponsored National Symposium by the Chairperson.

The second talk of 3<sup>rd</sup> technical session was chaired by **Dr. Ramdas T. Dolas**. He recited the citation of the eminent speaker **Dr. Ahmad Ali**. The speaker presented to the delegates about **“Natural products as potent anti-glycation and anti-aggregation agents”**. He also added the involvement of glycation in Diabetes diagnosis and therapy. Delegates interacted with the speaker and got their queries clarified. At the end, Dr. Ali was felicitated with the symposium kit, dry fruit basket, certificate of presentation and Memento of Ministry of Ayush sponsored National Symposium by the Chairperson.

The technical session III ended with Thanks from the organizing committee.

### **Poster Presentation (UG & PG/PhD category)**

The poster presentation for the Ministry of Ayush Sponsored National Symposium was divided into two categories. The first category consisted of poster presentations by Under Graduate Students and the 2<sup>nd</sup> category for the poster presentations by Post Graduate/PhD/Faculties. As the total number of posters were seventy six, it was difficult to display and evaluate precisely in one day. Therefore, the presentations were divided in two sessions, one on 25<sup>th</sup> Nov, 2022 and other on 26<sup>th</sup> Nov. 2022. Six evaluators were deployed to evaluate the posters of both the sessions.

**ABOUT SYMPOSIUM**

The Ministry of Ayush sponsored National Symposium on "Advances in Natural Products Research Methodology" is a unique initiative by School of Pharmaceutical Sciences, Sandip University, Nashik Maharashtra to cater the needs of researchers and academicians working in the field of Natural and Ayurvedic drug development. Natural Products, especially from plants, are the backbone of Prophylaxis and Therapeutics in Traditional Medicine. Despite their existence and continued use over many centuries, and their popularity and extensive use in the last few decades, it has not been officially recognized in most countries. Quality, Safety and Efficacy data (as per ICH) are far from sufficient to meet the criteria needed to support their use worldwide. The reason for the lack of research data is mainly due to a lack of adequate and accepted research methodology for evaluating natural drugs. The objective of the National Symposium is to provide a common platform for creating awareness among the fraternity about the importance of medicinal plant drugs, dissemination of proven results of R&D works in Natural and AYUSH drugs, comprehensive interaction among stakeholders of medicinal plant drugs, igniting research temper in participants/budding faculty members and deliberations on latest developments in Natural Products Research methodology.
