“Community Engagement Program at Vadholi Village, Anjaneri”

Event Activity Report

Academic Year: 24-2025

College Name: School of Science, Nashik

Department: Department of Chemistry

Event Date: 22 August 2025

Duration in days: 10:00 AM to 2:00 PM

Location: Vadholi Village, Anjaneri

Participants: M.Sc. and B.Sc. Students from
the Department of Chemistry

Event Coordinator:

1. Ms. Akansha Raut, Assistant professor
2. Dr. Leena Patil, Assistant professor

Introduction:

The Department of Chemistry, School of Science, organized a Community Engagement Program on 22nd August 2025 at Vadholi Village, Anjaneri.

The primary aim of this initiative was to create awareness among villagers about plastic waste management and recycling practices. The program focused on reducing plastic usage, encouraging sustainable lifestyle changes, and promoting eco-friendly alternatives.

Objective:

The main objective of the program was to sensitize villagers about the harmful effects of plastic waste, provide practical waste management solutions, and promote the adoption of eco-friendly habits through interactive activities and demonstrations.

Activities Conducted:

- Students performed street plays and speeches highlighting the dangers of plastic pollution and practical waste management methods.
- Interactive sessions were held with villagers to discuss sustainable practices.
- Paper bags prepared by students were distributed to promote alternatives to plastic.
- Self-made posters were pasted in the village to spread awareness about environmental conservation and plastic reduction.

Impact and Response:

The Community Engagement Program at Vadholi Village was a success, fulfilling its goal of spreading awareness on plastic waste management and promoting sustainable practices. The efforts of the students and faculty created a positive environmental impact and strengthened the bond between the academic community and local society.
