<b>Academic Year:</b>	<b>2025-26</b>
<b>Department /School Name:</b>	<b>Department of Forensic Science</b>
<b>Event Title:</b>	<b>Workshop &amp; Hands-on Training for Medical Professionals</b>
<b>Event Date:</b>	<b>07, March 2026</b>
<b>Time:</b>	<b>10:00 AM – 2.00 PM</b>
<b>Duration in Days:</b>	<b>One Day</b>
<b>Mode of Conduction:</b>	<b>Offline</b>
<b>Program Coordinator</b>	<b>Ms. Yukta Guglot</b>
<b>Participants</b>	<b>Medical Professionals, Civil Hospital, Nashik</b>

**Purpose of Event:** The purpose of the event was to provide practical knowledge of forensic science and crime scene investigation to medical professionals and to enhance their understanding of evidence handling in medico-legal cases.

The Department of Forensic Science, School of Science successfully organized a Workshop and Hands-on Training on Forensic Science and Crime Scene Investigation for the Medical Professionals from Civil Hospital, Nashik on 7th March 2026. The program aimed to enhance the practical understanding of forensic science applications in medico-legal investigations and to strengthen the coordination between medical professionals and forensic experts.

The workshop included informative sessions on crime scene management, evidence recognition, collection, preservation, and documentation. Participants were introduced to the scientific procedures followed during crime scene investigation and the importance of maintaining the integrity of physical evidence. The training also highlighted the role of forensic science in supporting the criminal justice system and assisting in medico-legal case investigations.

**Key Highlights of the Event:**

- Informative session on fundamentals of forensic science and crime scene investigation.
- Demonstration of crime scene management and evidence handling techniques.
- Hands-on training on identification, collection, and preservation of forensic evidence.
- Interactive discussions on the role of medical professionals in medico-legal investigations.
- Active participation from medical professionals of Civil Hospital, Nashik, enhancing interdisciplinary collaboration.

The workshop witnessed enthusiastic participation from the medical professionals of Civil Hospital, Nashik, who actively engaged in the discussions and practical demonstrations. The program concluded with a vote of thanks, expressing gratitude to all participants for their active involvement and interest in advancing forensic practices in medico-legal investigations.
