NOTICE

Subject: Expert Lecture on "Personality Development and Communication Skills"

This is to inform all students of Department of **Mathematics, Chemistry and Biological Sciences of SY and TY B. Sc** that the Department of Mathematics is organizing an expert lecture aimed at enhancing professional and personal growth.

Effective communication and a strong personality are crucial cornerstones for academic success and career growth. This session will provide actionable insights into improving public speaking, body language, and professional etiquette.

Details of the Event:

- **Topic:** Personality Development and Communication
- **Date:** Friday, July 17, 2026
- **Time:** 1:00PM to 3:00PM
- **Venue:** Seminar Hall, School of Science
- **Expert Speaker:** Ms. Shailee Pandya. Assistant Professor
School of Engineering and Technology

Attendance is mandatory for all students, as this session aligns with our institutional focus on career readiness. Please ensure you are seated 10 minutes before the scheduled time.

Expert Guest Lecture Report

Academic Year	: 2026-27
School/Department Name	: School of Science (SOS)
Event Title	: Expert Guest Lecture Report
Theme	: Academic Curricular Activity
Event Date	: 17th July, 2026
Time	: 1:00 PM to 3:00 PM
Duration in Days	: One Day
Mode of Conduction	: Offline
Level of Program	: School Level
Location	: Seminar Hall, School of Science, Sandip University, Nashik
Expert Guest	: Ms Shailee Pandya Assistant Professor, School of Engineering and Technology
Event Coordinator	: Prof. (Dr.) Renu P. Pathak Head Department of Mathematics School of Science (SOS)
Organizing Committee	: Department of Mathematics
Participants	: Department of Mathematics, Chemistry & Biological Sciences Students

Brief description of Event:

The **Department of Mathematics, School of Science**, organized an **Expert Lecture on "Personality Development and Communication Skills"** with the objective of enhancing the overall personality, communication abilities, and professional readiness of undergraduate students. The session was specially arranged for **Second Year (SY) and Third Year (TY) B.Sc. students** from the **Departments of Mathematics, Chemistry, and Biological Science** to equip them with essential soft skills required for academic excellence, career growth, and personal development.

The expert lecture was delivered by **Ms. Shailee Pandya, Assistant Professor, School of Engineering and Technology**, who shared valuable insights into the significance of personality development in today's competitive world. She emphasized that technical knowledge alone is not sufficient for success and highlighted the importance of developing confidence, positive thinking, emotional intelligence, interpersonal skills, and professional ethics. Through practical examples and real-life experiences, she explained how students can improve their self-awareness, build a positive attitude, and develop leadership qualities.

A major focus of the session was on **effective communication skills**, covering both verbal and non-verbal communication. The speaker discussed the importance of clear and confident communication in academic presentations, interviews, group discussions, workplace interactions, and everyday life. Students were introduced to techniques for improving public speaking, active listening, body language, voice modulation, and professional etiquette. Interactive discussions and practical tips enabled students to understand how communication influences personal and professional success.

The lecture also highlighted the importance of **confidence building, goal setting, time management, teamwork, problem-solving, and decision-making skills**. Students were encouraged to identify their strengths, overcome their fears, and continuously work on self-improvement. The expert motivated participants to develop a growth mindset and maintain a positive outlook while facing academic and career challenges.

Throughout the session, students actively participated by asking questions, sharing their experiences, and engaging in discussions. The interactive nature of the lecture made the learning process more engaging and encouraged students to reflect on their personal and professional development. Overall, the expert lecture proved to be highly informative, inspiring, and beneficial. It successfully created awareness about the importance of personality development and communication skills as essential competencies for higher education, employment, and lifelong success. The participants gained practical knowledge and motivation to enhance their confidence, communication abilities, and overall personality, thereby preparing themselves to meet future academic and professional challenges effectively.

Objective of the Event:

To enhance students' personality development by fostering self-confidence, self-awareness, and a positive attitude towards personal and professional growth.

To improve communication skills by strengthening verbal, non-verbal, interpersonal, and presentation abilities for effective academic and professional interactions.

To develop essential soft skills such as leadership, teamwork, problem-solving, decision-making, and emotional intelligence required for career success.

To prepare students for future career opportunities by equipping them with the confidence and communication skills needed for interviews, group discussions, and workplace environments.

To promote professional ethics and positive workplace behavior by encouraging discipline, responsibility, effective time management, and respectful communication.

Outcome of the Event:

The expert lecture on "**Personality Development and Communication Skills**" was highly informative and beneficial for the participating students. The session enhanced their understanding of the importance of personality development, self-confidence, and effective communication in both academic and professional life. Students gained valuable insights into verbal and non-verbal communication, public speaking, teamwork, leadership, and professional etiquette. The interactive discussions and practical examples encouraged them to improve their interpersonal skills, develop a positive attitude, and prepare confidently for future career opportunities. Overall, the event successfully motivated students to focus on continuous self-improvement and equipped them with essential soft skills for their personal and professional growth.
