Event Coordinator	: Prof. (Dr.) Renu P. Pathak Head Department of Mathematics School of Science (SOS)
Organizing Committee	: Department of Mathematics
Participants	: Department of Mathematics, and Students

Brief description of Event:

The Department of Mathematics, School of Science, Sandip University, organized a Community Engagement Program on 31st July, 2026 at Post Pade, Tal. Dindori, Dist. Nashik with the objective of encouraging students to actively participate in community development activities and understand their social responsibilities. The program aimed to promote the spirit of service, teamwork, and civic awareness among students through direct interaction with the local community.

The event commenced with a brief orientation by the faculty members regarding the importance of community engagement and the role of youth in nation-building. Students were informed about the objectives of the program and motivated to contribute wholeheartedly towards the planned activities.

During the program, students actively participated in various community service initiatives such as village cleanliness drives, environmental awareness, public hygiene promotion, interaction with local residents, and awareness campaigns on social issues. The participants worked collaboratively with enthusiasm and demonstrated responsibility, discipline, and leadership while carrying out the assigned activities.

Faculty members guided and supervised the students throughout the program, ensuring active participation and proper coordination. The interaction with the local community enabled students to understand rural challenges, appreciate the importance of social service, and develop empathy toward society.

The Community Engagement Program provided students with practical exposure beyond the classroom and encouraged them to apply their knowledge and skills for the welfare of society. The event concluded with a reflection session where students shared their experiences, followed by a vote of thanks expressing gratitude to all faculty members, students, and community members for their valuable cooperation and support.

Overall, the Community Engagement Program was highly successful in fostering social awareness, teamwork, leadership qualities, and a sense of responsibility among students while strengthening the relationship between the university and the local community.

Objective of the Event:

- To encourage students to actively participate in community service activities.
- To develop social responsibility, empathy, and civic awareness among students.
- To promote environmental cleanliness and public hygiene awareness.
- To provide practical exposure to real-life social and rural issues.
- To strengthen teamwork, leadership, communication, and interpersonal skills.
- To build a positive relationship between the university and the local community.

Outcome of the Event:

The Community Engagement Program successfully enhanced students' understanding of social responsibility and community participation. Students gained valuable practical experience by interacting with local residents and participating in community service activities. The program improved their teamwork, leadership, communication, and problem-solving skills while fostering empathy, discipline, and respect for society. It also created awareness about environmental cleanliness, public health, and civic responsibility among both students and community members. Overall, the program motivated students to become responsible citizens committed to contributing positively toward society and sustainable community development.
