

NSS-Tree Plantation Drive

Title of the Event: Tree Plantation Drive

Academic Year: 2026-27

Date of event: 31st July 2026

Venue: Pegalwadi, Pahine (Nashik, Maharashtra)

Time: 10.00 am to 1.00 pm

Name of Coordinator: Ms.Pratiksha Magar, NSS Coordinator, SOS

Number of Participants: 10

SDG Addressed: Life on Land and Climate Change

Brief description of Event:

As a part of its commitment to environmental conservation and community service, the National Service Scheme (NSS) Unit of the School of Science, Sandip University, Nashik organized a **Tree Plantation Drive** on **31st July 2026** at **Pegalwadi, Pahine, Nashik**. The activity was conducted from **10:00 a.m. to 1:00 p.m.** with the objective of promoting environmental awareness, increasing green cover, and encouraging students to actively participate in sustainable development initiatives.

Objective of the Event:

1. To promote environmental conservation through afforestation.
2. To create awareness about the importance of trees in maintaining ecological balance.
3. To encourage students to contribute towards sustainable environmental practices.
4. To inculcate a sense of social responsibility and environmental stewardship among NSS volunteers.
5. To strengthen community participation in environmental protection activities.

Outcome of the Event:

The Tree Plantation Drive successfully achieved its intended objectives by fostering environmental awareness and encouraging active community participation. The programme resulted in:

- Increased awareness among students regarding environmental conservation.
- Active participation of NSS volunteers in community-based environmental activities.
- Plantation of numerous saplings to enhance the local green cover.
- Strengthened collaboration between the university and the local community.
- Development of leadership, teamwork, and civic responsibility among students.

Impact on Society:

The programme reinforced the message that every individual has a vital role in protecting the environment and preserving natural resources for future generations.

The Tree Plantation Drive created a positive impact by promoting environmental awareness and encouraging community participation in conservation efforts. The plantation of saplings contributed to enhancing the local green cover, while interactions between NSS volunteers and villagers highlighted the importance of protecting natural resources. The activity also inspired students to develop a sense of social responsibility, environmental stewardship, and commitment towards sustainable development.
