Brief description of Event:

The **Department of Mathematics** organized a **Training and Placement Session** for the students of **FY, SY and TY – Computational Mathematics and Data Science**. The session was conducted by **Prof. Amit V. Manapure, Central Training & Placement Officer, Sandip University**.

The session focused on creating awareness among students about **career opportunities, training programs, internships, skill development, and placement preparation**. Prof. Amit V. Manapure provided valuable guidance on the skills and competencies required to build a successful career in the fields of **Computational Mathematics, Data Science, Information Technology, and related domains**.

The students were guided on the importance of developing **technical skills, communication skills, aptitude, problem-solving abilities, teamwork, professional ethics, and interview skills**. The session also emphasized the importance of continuous learning, certifications, internships, and participation in training activities to improve employability.

The interactive session provided students from all three years with practical insights into **career planning and placement preparation** and encouraged them to start preparing early for future internship and employment opportunities.

Objective of the Event:

- To create awareness among students about training and placement opportunities.
- To guide students regarding career planning and professional development.
- To explain the skills and competencies expected by employers.
- To encourage students to develop technical, communication, aptitude, and soft skills.
- To motivate students to participate in internships, certifications, training programs, and placement activities.
- To help students understand the importance of early preparation for future career opportunities.

Outcome of the Event:

- Students gained awareness about various training and placement opportunities available at the university.
- Students understood the importance of technical and soft skills for career development.
- The session motivated students to start preparing early for internships and future placement opportunities.
- Students gained valuable guidance regarding employability skills and professional development.
- The interaction helped students become more aware of the expectations of recruiters and the importance of continuous skill enhancement.

Event E-banner/Poster:

The poster features the Sandip University and NAAC Grade A logos at the top. It is organized by the School of Science, Department of Mathematics. The main title is "TRAINING & PLACEMENT SESSION" with sub-points: Career Guidance | Skill Development | Placement Preparation | Industry Insights. A description states: "An insightful session designed to prepare students for successful careers by enhancing employability skills, understanding placement processes, building professional confidence, and exploring industry opportunities." The speaker is Mr. Amit Manapure, Central Training & Placement Officer. The venue is Seminar Hall, School of Science. The date is 14th AUGUST 2026, and the time is 10:30 AM. The tagline at the bottom is "Empowering Students • Building Careers • Creating Future Leaders". The right side of the poster includes a laptop showing a "PLACEMENT PORTAL" with icons for Dashboard, Profile, Career, Resume, Contact, Results, Documents, and Development. Below the laptop are circular icons for Career Growth, Corporate Readiness, Placement Process, Interview Skills, Industry Insights, and Career Guidance. At the bottom right are images of a spiral notebook, a pen, and several books.
