Toll-Free No.- 1800-313-2714 Ph: 7549991044.

School: Engineering & Technology	Programme: B.Tech (Computer Science & Engg.)
Year: Fourth Year	Semester –VIII
Course: Seminar/ Technical Report Writing	Course Code: CS 801P
Practical : 03 Hrs/Week	Term Work: 200 Marks
	Credit: 2

## Practical Objectives :

- |   |  |
|---|--|
| 1 | As an intern, each student gets an opportunity to apply the skills and knowledge base acquired on campus and to experience a real world environment of responsibility. |
|---|--|

Sr. No.	Practical Description
1	<ol style="list-style-type: none"><li>1. Each Student shall select a topic for seminar which is not covered in curriculum. Seminar topic should not be repeated and registration of the same shall be done on first come first serve basis.</li><li>2. Topic of Seminar shall be registered within a three weeks from commencement of VII Semester and shall be approved by the committee.</li><li>3. The three-member committee appointed by Head of the department shall be constituted for finalizing the topics of Seminar. Seminar shall be related state of the art topic of his choice approved by the committee.</li><li>4. Each student should deliver a seminar in scheduled period (Specified in time table or time framed by department) and submit the seminar report (paper bound copy/Thermal bound)in following format:<ol style="list-style-type: none"><li>1. Title</li><li>2. Abstract</li><li>3. Introduction</li><li>4. Literature survey</li><li>5. Concept</li></ol></li></ol>

6. Functional and Technical Details
7. Applications
8. Comparison with similar topics / methods
9. Future scope
10. References

#### **ASSESSMENT OF SEMINAR**

Guide lines for Term Work: Term Work shall be based on topic selection, presentation and Seminar report submitted by the student in the form of thermal bound. Assessment of the Seminar for award of Term Work marks shall be done jointly by the guide and a departmental committee.
